500E Series™ Petrol Lawn Mower Engine | Briggs & Stratton

Briggs and Stratton is no different from other manufacturers in this regard: they offer a palette of mowers that can cover a wide variety of users. The Briggs and Stratton 500E Series 140CC is very much a novice mower, but that doesn't mean it's bad. Still, if you've got a nasty infestation of weeds, this

550E Series™ Petrol Lawn Mower Engine | Briggs & Stratton

We recommend the use of Briggs & Stratton Warranty Certified oils for best performance. Other high-quality detergent oils are acceptable if classified for service SF, SG, SH, SJ or higher. Do not use special additives. Outdoor temperatures determine the proper oil viscosity for the engine. Use the chart to select the best viscosity for the outdoor temperature range expected. Engines on

Briggs & Stratton engines come with both cubic centimeter (cc) and horsepower ratings. The description plate attached to the top of each Briggs & Stratton engine lists the model number and engine power. A Briggs & Stratton engine with a "CC" rating rather than a "HP" rating will vary a bit above or below the converted HP rating depending on how well tuned the engine is at the time of testing ...
