"This work describes and analyzes the extensive research on the origin, date, transmission and textual histories, and interrelationships of the primary Adam and Eve books. The "primary" Adam and Eve literature includes the Greek Apocalypse of Moses, the Latin Vita Adam et Evae, the Slavonic Vita Adam et Evae, the Armenian Penitence of Adam, the Georgian Book of Adam, and a fragmentary Coptic version. Like most of the Jewish pseudepigrapha, the transmission of this literature occurred primarily in Christian contexts. The question is : how did this literature function in these contexts and by what criteria are the Adam and Eve books to be identified as either Jewish or Christian? Because of the complexity of the transmission history of the Adam and Eve books, this study has far-reaching implications regarding the later use and reshaping of Jewish pseudepigrapha. Includes an extensive bibliography." -- Publisher's description.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.
