This is a classic introduction to public policy. Charles Jones was a wonderful student of politics--and this book illustrates why. The book takes a traditional perspective--exploring the stages of the policy process. Jones begins by discussing the policy process itself--and its key actors. Then, the stages: problem recognition, agenda setting ...

The introduction to a research paper can be the most challenging part of the paper to write. The length of the introduction will vary depending on the type of research paper you are writing. An introduction should announce your topic, provide context and a rationale for your work, before stating your research questions and hypothesis.

How to Write a Research Introduction: 10 Steps (with Pictures)

I read "Cognitive Science An Introduction to the Study of Mind" not for a course requirement, but because I was interested in the topic. The book provided a comprehensive and readable account of this new field. It explained ideas in a way that I could follow, not having had any specialized training in the different areas.

INTRODUCTION - THE STUDY OF LAND AND PEOPLE Lawyer: land is a volume of space stretching notionally from the centre of the earth to the infinite in the sky, and associated with it are a variety of rights which determine what may be done with it. In present context, land will encompass all those things directly associated with the surface of the earth, including those areas covered by water.
