In the not-too-distant future, in what was once the old City of New York, megacorporations have taken over everything. Now even the internet is owned, and the only way to transmit sensitive information is by a network of highly skilled couriers called “ data runners ” who run it over the sneakernet. It is a dangerous gig in a dirty world, but Jack Nill doesn ’ t have much choice in the matter. A brilliant young math whiz and champion of parkour, Jack must become one of these data runners in order to get his father out of a major gambling debt. When a mysterious stranger loads Jack ’ s chip with a cryptic cargo that everybody wants, he soon becomes the key figure in a conspiracy that could affect the entire North American Alliance. Now it ’ s all up to Jack. With the help of his best friend, Dexter, and a girl who runs under the name Red Tail, Jack will have to use all his skills to outrun the retrievers and uncover the truth before they catch him and clip him for good.

This book provides a unique historical and qualitative review of ten foreign automakers with plants in developed North America from their early beginnings to their export entry into North America. It seeks to expand the knowledge of American and Canadian policymakers pursuing a new foreign motor vehicle assembly plant or Foreign Direct Investment.

The true story of a killer nurse whose crimes were hidden by a hospital for years. It ’ s 1980, and Genevieve Jones is working the 3 to 11 PM shift in the pediatric ICU in San Antonio's county hospital. As the weeks go by, infants under her care begin experiencing unexpected complications—and dying—in alarming numbers, prompting rumors that there is a murderer among the staff. Her eight-hour shift would come to be called “ the death shift. ” This strange epidemic

would continue unabated for more than a year, before Jones is quietly sent off—with a good recommendation—to a rural pediatric clinic. There, eight children under her care mysteriously stopped breathing—and a 15-month-old baby girl died. In May 1984, Jones was finally arrested, leading to a trial that revealed not only her deeply disturbed mind and a willingness to kill, but a desire to play “ God ” with the lives of the children under her care. More shocking still was that the hospital had shredded records and remained silent about Jones ’ horrific deeds, obscuring the full extent of her spree and prompting grieving parents to ask: Why? Elkind chronicles Jones ’ rampage, her trials, and the chilling aftermath of one of the most horrific crimes in America, and turns his piercing gaze onto those responsible for its cover-up. It is a tale with special relevance today, as prosecutors, distraught parents, and victims ’ advocates struggle to keep Jones behind bars. “ A horrifying true-life medical thriller... ” —Publishers Weekly “ Gripping...A remarkable journalistic achievement! ” —Newsweek “ Murder, madness, and medicine...superb! ” —Library Journal “ Shocking...true crime reporting at its most compelling. ” —Booklist

To commemorate the 150th Anniversary of the end of the Civil War, Diversion Books is publishing seminal works of the era: stories told by the men and women who led, who fought, and who lived in an America that had come apart at the seams. The events leading up to the Civil War reveal a country divided by more than just a belief in, or revulsion of, slavery. It reveals a country still forming, even as it fissures and breaks apart. It reveals an industrial north and an agricultural south evolving into enemies even as they mutually benefit one another. It reveals politicians playing to their bases, riling up young men especially to take up

arms against their fellow countrymen. This astonishing historical work chronicles all this and more, exploring the fractious ideologies and the most important figures who led the country into its bloodiest conflict.

From the author of the celebrated classic *Louder Than Hell* comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song “You Can ’ t Kill Rock and Roll ” Ozzy Osbourne sings, “Rock and roll is my religion and my law. ” This is the mantra of the metal legends who populate *Raising Hell*—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It ’ s also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora ’ s box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn ’ t belong. Whether they were oddballs who didn ’ t fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild

shenanigans from metal ' s heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs . . . the heavy metal life! Horns up!

This book provides a wealth of detailed information that collectors, investors, and restorers of imported cars will not find in any other book. This massive volume spans the marques of imported vehicles. The list includes such familiar names as Alfa Romeo, Aston Martin, Bentley, Citroen, Jaguar, Lamborghini, Porsche, Rolls-Royce, Saab, and Volkswagon. Also in these pages, you'll find details on such lesser-known yet no less intriguing marques as Abarth, DAF, Frazer Nash, Humber, Iso, Nardi, Panhard, Peerless, Sabra and Skoda. The book also highlights model changes and corporate histories and provides value information on the most popular models of imported cars.

Audis TT Coupe & Roadster have raised the bar for auto designers worldwide. Magnificent color photographs & little-known anecdotes combine to tell the story of how these state-of-the-art yet avant-garde automobiles.

This Bosch Bible fully explains the theory, troubleshooting, and service of all Bosch systems from D-Jetronic through the latest Motronics. Includes high-performance tuning secrets and information on the newest KE- and LH-Motronic systems not available from any other source.
