This book discusses all aspects of skull base surgery, from a neurosurgical point of view. The therapeutic options in the treatment of skull base lesions are explained and a systematic overview of relevant diseases is included. A strong emphasis is placed on practical aspects of skull base surgery: classic surgical approaches and also methods where there has been rapid recent development, such as stereotactic radiation therapy and interventional neuroradiology. Several international specialists systematically describe the treatment of traumatic lesions, tumors, vascular lesions, and developmental anomalies. Surgery of the Skull Base is aimed at neurosurgeons, ENT surgeons, maxillofacial surgeons, neurologists, and radiologists.

The book focuses on four broad topics related to trapping of agriculturally important tephritid fruit flies, namely i) lures and traps, ii) invasion biology and detection of infestations, iii) attract and kill systems, and iv) trade regulations and risk assessment. This comprehensive structure progresses from the biological interaction between insect and lures/traps to the area-wide use of trapping systems to the utilization and impact of trapping data on international trade. The chapters include accounts of earlier research but are not simply compendia and instead evaluate past and current work as a tool for critical analysis and proposal of productive avenues for future work. At present there is no book available that deals with fruit fly trapping in such a broad context. Our book fills this gap and serves as a global reference for both those interested in fruit flies specifically as well as anyone dealing with the threat of invasive agricultural insects in general.

The seven members of the Bastion Club have served loyally in the perilous service of the Crown. Now they've banded together to support one another through their most dangerous mission of all: getting married. When Charles St. Austell returns home to claim his title as earl, and to settle quickly on a suitable wife as well, he discovers that experience has made him impatient of the young ladies who vie for his attention—with the exception of Lady Penelope Selborne. Years ago, Charles and Penelope's youthful ardor was consummated in an unforgettable afternoon. Charles is still haunted by their interlude, but Penny refuses to have anything more to do with him. If controlling her heart was difficult before, resisting a stronger, battle-hardened Charles is well nigh impossible, yet Penelope has vowed she won't make the same mistake twice, nor will she marry without love. But when a traitorous intrigue draws them together, then ultimately threatens them both—will Penny discover she has a true protector in Charles, her first and only love, who now vows to make her his own?
