This book is about the nature of publishing: its processes, history and technologies. It also explores the relationship of technology to pedagogy and how publishing has been a part of reading and writing instruction throughout the 20th century. Today publishing is both an individual and a collaborative process that is commercially, organizationally and pedagogically driven. The goal of the book is to provide a theoretical, historical, and philosophical conception of publishing that would help teachers who are beginning to work in computer-supported environments.

universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.
