Client-centered therapy operates according to three basic principles that reflect the attitude of the therapist to the client: The therapist is congruent with the client. The therapist provides the client with unconditional positive regard. The therapist shows an empathetic understanding to the client.

Client-Centered Therapy Eventually, the technique came to be known as client-centered therapy or person-centered therapy. Today, Rogers' approach to therapy is often referred to by either of these two names, but it is also frequently known simply as Rogerian therapy. Rogers was deliberate in his use of the term client rather than patient.

*Effectiveness of Client-Centered Therapy*

There is a crucial distinction between the therapist who instructs him- or herself. to repeat back the words of the client in order to convey to the client that the therapist. empathizes and ...
