Coal Creek Alex Miller

Alex Miller Coal Creek, Miller's eleventh novel, is set in the stone country of Queensland during the late 1940s, a region that he knows intimately, and it is populated by authentic characters based upon his kn

---

Coal Creek by Alex Miller - Goodreads

Miller is a master at encapsulating his characters. Coal Creek is what I call a slow burn. He deliberately starts his latest novel with a drawn out simple dialogue. But if the reader perseveres they will soon be rewarded with an undercurrent of tension and impending malice. Gripping stuff...a real page turner.

---

Coal Creek: Amazon.co.uk: Alex Miller: 9781743318027: Books

It's difficult to shake off the sense that in Coal Creek Miller has struck a kind of grace note in a literary career already lauded for a certain touch of resonant genius. For Coal Creek is that rare, mystifyingly powerful novel that lodges itself, unbidden, deep in the human marrow... Miller brings a rare empathy and melodic power to this tale which is, at one level, a timeless tale of friendship and love, betrayal and injustice.

---

Coal Creek eBook: Miller, Alex: Amazon.co.uk: Kindle Store

Miller's exquisite depictions of the country of the Queensland highlands form the background of this simply told but deeply significant novel of friendship, love, loyalty and the tragic consequences of misunderstanding and mistrust. Coal Creek is a wonderfully satisfying novel with a gratifying resolution. It carries all the wisdom and emotional depth we have come to expect from Miller's richly evocative novels.

Coal Creek by Alex Miller | Waterstones

Coal Creek by Alex Miller Allen & Unwin. 292pp. \$29.99 AU. Published October, 2013. ISBN 9781743316986. Silence pervades much of Alex Miller's Coal Creek. Characters, in particular our guide and narrator, Bobby Blue, rarely vocalise their thoughts. And this silence is golden, if we accept Bobby's world view.

---

Coal Creek | Alex Miller | Review

25 Sep 2013. Alex Miller migrated to Australia when he was only 16 and his first job was as a ringer in outback Queensland. That early experience in the Australian outback informs a number of his works, including Coal Creek, set in the fictional community of Mount Hay. Situated inland from a larger coastal town, this is the type of place people leave to go to the coast.

Review: Coal Creek by Alex Miller · Readings.com.au

Coal Creek, Miller's 11th novel, works its way under your skin fast, in part thanks to the immediacy and boldness of its hero, Bobby Blue. The narrative is in his unlearned prose; raw, but...

---

Alex Miller: 'These characters have been me' - interview ...

Coal Creek (Allen & Unwin; \$29.99), his 11th book, is set in a region immediately familiar to readers of Landscape of Farewell and Journey to the Stone Country. It is set during the 1950s, as are the author's first two novels, Watching the Climbers on the Mountain and The Tivington Nott, published in 1988 and 1989 respectively.

---

Alex Miller's 'Coal Creek' | The Monthly

For Coal Creek is that rare, mystifyingly powerful novel that lodges itself, unbidden, deep in the human marrow... Miller brings a rare empathy and melodic power to this tale which is, at one level, a timeless tale of friendship and love, betrayal and injustice. At another it is like a ballad to country - timeless, evocative, and unforgettable.

---

Interview: Alex Miller - SMH.com.au

Coal Creek, by Alex Miller For more than a decade, Alex Miller has reliably brought us a new novel to enjoy every two or three years, so by my reckoning we are about due for a new one soon. It was time to read his most recent, Coal Creek, (2013) which had somehow lost itself amongst the others on the overflowing 'M' shelf.
