Content strategy – a crazy amalgamation of fundamentals Fundamental One: Users are people too. In my scheme, content is going to be "user-centric." The term du jour for the environment that the user connects with is "ecosystem." I 'll also be referencing what I call the "mobilized content ecosystem," which is a construct where the individual has the ability to search, find, access, and use content through multiple channels and across a myriad of platforms onto a host of devices.
