Once upon a time not long ago, two responsible college professors, Lynn the psychologist and Kathy the literary scholar, fell in love with the television show Supernatural and turned their oh-so-practical lives upside down. Plunging headlong into the hidden realms of fandom, they scoured the Internet for pictures of stars Jensen Ackles and Jared Padalecki and secretly penned racy fan fiction. And then they hit the road—crisscrossing the country, racking up frequent flyer miles with alarming ease, standing in convention lines at 4 A.M. They had white-knuckled encounters with overly zealous security guards one year and smiling invitations to the Supernatural set the next. Actors stripping in their trailers, fangirls sneaking onto film sets; drunken confessions, squeals of joy, tears of despair; wallets emptied and responsibilities left behind; intrigue and ecstasy and crushing disappointment—it's all here. And yet even as they reveled in their fandom, the authors were asking themselves whether

Online Library Fangasm Supernatural Fan Katherine Ln

it's okay to be a fan, especially for grown women with careers and kids. "Crazystalkerchicks" that's what they heard from Supernatural crew members, security guards, airport immigration officials, even sometimes their fellow fans. But what Kathy and Lynn found was that most fans were very much like themselves: smart, capable women looking for something of their own that engages their brains and their libidos. Fangasm pulls back the curtain on the secret worlds of fans and famous alike, revealing Supernatural behind the scenes and discovering just how much the cast and crew know about what the fans are up to. Anyone who's been tempted to throw off the constraints of respectability and indulge a secret passion—or hit the road with a best friend—will want to come along.

Fifteen years. Two brothers. Angels and demons. A story like no other. And one of the most passionate fan bases of all time. That's Supernatural. *There'll Be Peace When You Are Done: Actors and Fans Celebrate the Legacy of Supernatural* is an emotional look back at the beloved television show Supernatural as it wraps up its final season after fifteen unprecedented years on air. With heartfelt chapters written by both the series' actors and its fans—plus full-color photos and fan illustrations—*There'll Be Peace When You Are Done* traces Supernatural's evolution, the memorable characters created by its writers and brought to life by its talented actors, and the many ways in which the show has inspired and changed the lives of both its viewers and cast. Both a celebration of Supernatural and a way of remembering what made it so special, this book is a permanent reminder of the legacy the show leaves behind and a reminder to the SPN Family to, like the series' unofficial theme song says, "carry on." Featuring chapters from Jared Padalecki ("Sam Winchester") and Jensen Ackles ("Dean Winchester"), which include some of

Online Library Fangasm Supernatural Fan Katherine Ln

the most heartfelt and emotional things they've previously said about Supernatural that they want fans to remember—plus new reflections about Sam and Dean's legacy, *There'll Be Peace When You Are Done* also includes original contributions from: □ Richard Speight, Jr. ("Gabriel") □ Chad Lindberg ("Ash") □ Julie McNiven ("Anna Milton") □ Tahmoh Penikett ("Gadreel") □ Shoshannah Stern ("Eileen Leahy") □ Rick Worthy ("Alpha Vamp") □ David Haydn-Jones ("Arthur Ketch") □ Lauren Tom ("Linda Tran") □ And many more, including a special message from Misha Collins ("Castiel") Edited by Lynn S. Zubernis, a clinical psychologist, professor, and passionate Supernatural fangirl, *There'll Be Peace When You Are Done* is the ultimate send-off for this iconic show that has touched and changed the lives of so many fans across all walks of life.

Fandom At The Crossroads: Celebration, Shame and Fan/Producer Relationships is an in-depth exploration of the reciprocal relationship between a groundbreaking cult television show and its equally groundbreaking fandom. For the past six years the authors have inhabited the close-knit fan communities of the television show Supernatural, engaging in criticism and celebration, reading and writing fanfiction, and attending fan conventions. Their close relationships within the community allow an intimate behind-the-scenes examination of fan psychology, passion, motivation, and shame. The authors also speak directly to the creative side in order to understand what fuels the passionate reciprocal relationship Supernatural has with its fans, and to interrogate the reality of fans' fears and shame. As they go behind the scenes and onto the sets to talk with Supernatural's showrunners, writers, and actors, the authors struggle to negotiate a hybrid identity as "aca-fans". Fangirls one moment, "legitimate" researchers the next, the

Online Library Fangasm Supernatural Fan Katherine Ln

boundaries often blur. Their repeated breaking of the fan/creative side boundary is mirrored in Supernatural's reputation for fourth wall breaking, which has attracted journalistic coverage everywhere from Entertainment Weekly to the New York Times. Written with humor and irreverence, *Stalking Fandom* combines an innovative theorizing of fandom and popular culture, which will be useful in a variety of courses, with a behind-the-scenes story that anyone who's ever been a fan or wondered why others are fans will find fascinating.

This book examines changing representations of masculinity in geek media, during a time of transition in which "geek" has not only gone mainstream but also become a more contested space than ever, with continual clashes such as Gamergate, the Rabid and Sad Puppies' attacks on the Hugo Awards, and battles at conventions over "fake geek girls." Anastasia Salter and Bridget Blodgett critique both gendered depictions of geeks, including shows like *Chuck* and *The Big Bang Theory*, and aspirational geek heroes, ranging from the Winchester brothers of *Supernatural* to BBC's *Sherlock* and the varied superheroes of the Marvel Cinematic Universe. Through this analysis, the authors argue that toxic masculinity is deeply embedded in geek culture, and that the identity of geek as victimized other must be redefined before geek culture and media can ever become an inclusive space.

Television Drama in Spain and Latin America addresses two major topics within current cultural, media, and television studies: the question of fictional genres and that of transnational circulation. While much research has been carried out on both TV formats and remakes in the English-speaking world, almost nothing has been published on the huge and dynamic Spanish-speaking sector. This book

Online Library Fangasm Supernatural Fan Katherine Ln

discusses and analyses series since 2000 from Spain (in both Spanish and Catalan), Mexico, Venezuela, and (to a lesser extent) the US, employing both empirical research on production and distribution and textual analysis of content. The three genres examined are horror, biographical series, and sports-themed dramas; the three examples of format remakes are of a period mystery (Spain, Mexico), a romantic comedy (Venezuela, US), and a historical epic (Catalonia, Spain). Paul Julian Smith is Distinguished Professor at the Graduate Center, City University of New York. He was previously Professor of Spanish at the University of Cambridge. He is the author of twenty books and one hundred academic articles.

Batman, Black Canary, Killer Frost, the Ray, Vixen, the Atom, and ÉLobo?! Spinning directly out of the events of JUSTICE LEAGUE VS. SUICIDE SQUAD, join the sensational team of writer Steve Orlando and artists Ivan Reis and Joe Prado and discover how Batman assembled the roughest, toughest Justice League of all time!

Learn where Batwoman comes from, and where she's going, in this one-shot prologue to the first big Batwoman epic, 'The Many Arms Of Death'!

Supernatural premiered on September 13, 2005, on what was then called the WB Network. Creator Eric Kripke was inspired by Jack Kerouac's *On The Road*, putting his heroes, brothers Sam and Dean Winchester, in a big black '67 Impala and

Online Library Fangasm Supernatural Fan Katherine Ln

sending them in search of the urban legends that fascinated him. The series attracted a passionate fan base from the start and was described as a "cultural attractor" that tapped into the zeitgeist of the moment, reflecting global fears of terrorism with its themes of fighting unseen evil. The chemistry between the lead actors, Jared Padalecki and Jensen Ackles, contributed to the show's initial success, and Supernatural found its niche when it combined demon-hunting adventures with a powerful relationship drama that explored the intense, complicated bond between the brothers. Supernatural is as much a story of familial ties, love, and loyalty as it is of "saving people, hunting things." Fan Phenomena:

Supernatural explores the ongoing fascination and passion for a show that developed a relationship with fans through eight seasons and continues to have an impact on fan culture to the present day. Essays here explore the rich dynamic that has developed between fans and producers, actors, writers, directors, the show creator, and showrunners through online interactions on Twitter and Facebook, face-to-face exchanges at conventions, and representations of fandom within the show's meta-episodes. Contributors also explore gender and sexuality in the show and in fan art; the visual dynamics, cinematography, and symbolism in the episodes as well as the fan videos they inspire; and the culture of influence, learning, and teaching in the series.

Through nine seasons the TV show Supernatural has delved into social, philosophical, literary, and theological themes that not only add depth to the show, but reflect our era's intellectual concerns. This book contextualizes Supernatural within the renaissance of the fantastic in pop culture and traces its roots in folklore and Biblical narrative.
