The firefly runs to Beth, turns a few circles, then zooms down a path, stopping to see if Beth is following, repeats if needed, and finally Beth follows. Beth is slow to grasp what she is to look for (and who wouldn't be slow to figure out what a zooming ball of light wants?!), but finally she is "led" to a diary found on a hidden and small beach.

Cody Everett has a temper as hot as the inside of a combustion chamber, and it's landed him at his uncle's trailer, a last-chance home before military school. But how can he take the guy seriously when he calls himself Race, eats Twinkies for breakfast, and pals around with

rednecks who drive in circles every Saturday night? What Cody doesn't expect is for the arrangement to work. Or for Race to become the friend and mentor he's been looking for all his life. But just as Cody begins to settle in and get a handle on his supercharged temper, a crisis sends his life spinning out of control. Everything he's come to care about is threatened, and he has to choose between falling back on his old, familiar anger or stepping up to prove his loyalty to the only person he's ever dared to trust. “ Nowak capably depicts a realistic, likable teenager with typical teenager flaws.... An endearing story about a teenager, his mentor, and what a difference true, unselfish love can make. ” ~ Kirkus Reviews Named one of BookBub's “ 6 Seriously Awesome YA Books Even Adults Can Get Into. ” “ The roar of engines practically explodes off the page in this compelling, heart-thumping debut. Cody Everett is a straight-shooter with attitude, smarts, and whip-cracking wit; he doesn't pull any punches, and neither does author Lisa Nowak. The collision of Cody and the world of stock car racing makes for a great story, one of the best I've read in a long time. Running Wide Open is a book not to be missed. ” ~ Christine Fletcher, author of Tallulah Falls and Ten Cents a Dance Book 1 in the Full Throttle Series “ I thoroughly enjoy Lisa Nowak ' s books and have especially enjoyed using her Full Throttle series in working with my students. The characters are all so believable and definitely relatable to adolescents. I find that the lessons they learn are valuable and at times similar to things my students are dealing with. In one student's case, I was able to draw from situations in the books to use as comparisons and possible solutions. It was great to not have to ‘ lecture. ’ ” ~ Linda Ryan, School Counselor, Londonderry H.S.

In the small city of Rockton, Illinois, someone is tired of waiting. He's tired of standing in line at the grocery store and tired of waiting at the drive-through line. Now he's doing something about it. The first murder rocks the city. The entire Bjornson family--except the father, Stephen--has been brutally murdered, and the killer has left a message behind, written in the victim's blood: Don't Waste People's Time. It's a grizzly start for two young detectives who've just become partners. But Max Larkin and Jesse Fairlane put their personal distaste for each other aside and start concentrating on how to find the killer from striking again. As they investigate the scene of the crime and interview Stephen at the hospital, the clues slowly begin to add up. Could this be a deranged killer who struck ten years ago and has now returned to the area? Before they can answer that question, another murder is reported, and Max and Jesse suddenly realize they have a serial killer on the loose. But as they get closer to the truth, a past memory begins to haunt Max, one that might lead to a break in the case--or the end of his career.

FROM THE AWARD-WINNING CO-AUTHOR of *Something to Prove* comes a haunting novel that's been favorably compared to *WATER FOR ELEPHANTS*. Marisa Delano is thrilled when she unexpectedly inherits the fairy-tale like cottage on the Sarasota, Florida, bay front. What she doesn't know is that another woman, Lucinda Lacey, a sideshow midget who died on the property in 1924, still inhabits it. And Lucinda has no intention of giving up her home to the new owner. Part historical, part mystery, with a touch of the paranormal, *THE MIDGET'S HOUSE* takes its inspiration from the legends surrounding the author's former home in Sarasota.

Set in rural Georgia in the 1960s-70s, *BREAKING TWIG* is a coming-of-age novel about Becky (Twig) Cooper, a young woman trying to survive the physical and emotional abuse of her mother, Helen, a beautiful, calculating woman who can, with a mere look, send the meanest cur in Sugardale, Georgia running for its life. Not even Twig's vivid imagination, keen wit, and dark sense of humor is enough to help her survive the escalating assaults of Helen and a new stepbrother, but

help comes from an unexpected source--Frank, her stepfather. Sometimes, having one person who loves and believes in you is all a girl needs to keep hope alive. Over the next eight years, Becky's tumultuous struggle to prevail-becoming neither a "pick" (victim) nor a "picker" (abuser)-finds her bouncing back and forth between Helen's abuse and Frank's tenderness as she fights to win this desperate battle of souls. On Halloween night, she and Helen argue and all lies are stripped away. Now, Becky must make a fateful decision-one that can give her the freedom she craves or destroy forever the new life and love she has finally found. Often raw and irreverent and sprinkled with all the Southern flavoring found in a good bowl of chicken and dumplings, *BREAKING TWIG*, is about finding love where we least expect it, destroying lives with easy lies, and realizing each of us determine our own truth.
