Ungifted: Amazon.co.uk: Korman, Gordon: Books

Author Gordon Korman has 70-plus YA and "middle-grade*" novels to his credit, going so far back that the book covers used to look like the art from Super Fudge and Ramona and Beezus. I don't doubt Korman's pedigree, but Ungifted reads like a book where most of the effort went into conjuring the fish-out-of-water premise.

Ungifted (Ungifted, #1) by Gordon Korman

UNGIFTED. The word "gifted" has never been applied to Donovan Curtis. It 's usually more like "don ' t try this at home." So when the troublemaker pulls a major prank at his middle school, he thinks he 's finally gone too far. But thanks to a mix-up, instead of getting in trouble, Donovan is sent to the Academy for Scholastic Distinction, a special program for gifted and talented ...

No, Gordon Korman didn't actually write about us - he has no idea who we are - but we were both a Donovan and a Daniel (or both Daniels). I have no doubt there will be reviews posted about the storyline, character arcs, plots & sub-plots.. But for me, it was where this author took me as I read about this kid everyone considered 'ungifted' because of his head know,edge (or lack of it) yet he ...

Gordon Korman (born October 23, 1963) is a Canadian American author. Korman has written over 80 children's and young adult fiction books. Korman has sold more than 28 million books over a career spanning four decades and has appeared at number one on The New York Times Best Seller list. Early life. Korman was born in Montreal, Quebec, where he lived until 1970. He grew up in Thornhill, Ontario ...

Donovan, whose real gift is getting into trouble, finds himself at an academy for gifted students! Donovan is definitely skilled . . . at getting into trouble. And when one of his thoughtless pranks accidentally destroys the school gym during the Big Game, with the superintendent watching, he knows he's in for it. Suspension at best, maybe expulsion. Either way, a lawsuit and paying for damages. But through a strange chain of events, his name gets put on the list for the local school for gifted students: the Academy for Scholastic Distinction. Donovan knows he's not a genius, but he can't miss this chance to escape. Now, he has to figure out a way to stay at ASD - and fit in with the kids there. And who knows, maybe his real gift will come to light . . . A new story from the master of middle-grade and YA humour Gordon Korman, Ungifted is a funny exploration of the special (and often surprising) talents that make each of us gifted in our own way.

NYT bestselling author Gordon Korman's sequel to Ungifted cleverly sends up our preconceived ideas about intelligence, heroism, and popularity! Donovan Curtis has never been what anyone would call "gifted." But his genius friend Noah Youkilis is actually supergifted, with one of the highest IQs around. After years at the Academy for Scholastic Distinction, all Noah dreams of is the opportunity to fail if he wants to. And he's landed in the perfect place to do it--Donovan's school. Almost immediately, Noah finds himself on the wrong side of cheerleading captain Megan Mercury and

alpha jock Hash "Hashtag" Taggart. Sticking up for Noah lands Donovan in the middle of a huge feud with Hashtag. He's told to stay away from the sports star--or else. That should be the end of it, but when a freak incident suddenly makes Donovan a hero, he can't tell anyone about it since Hashtag is involved. So Noah steps in and becomes "Superkid." Now he's gone from nerd to titan at school. And it may have gone more than a little bit to his head.

Here are two adventure-packed novels perfect for introducing middle grade readers to the work of #1 New York Times bestselling author Gordon Korman. *Ungifted*: When Donovan Curtis pulls a major prank at his middle school, he thinks he's finally gone too far. But thanks to a mix-up by one of the administrators, instead of getting in trouble, Donovan is sent to a special program for gifted and talented students. The program couldn't be a more perfectly unexpected hideout for someone like him. But as the students and teachers grow to realize that Donovan may not be good at math or science (or just about anything), he shows that his gifts may be exactly what these students never knew they needed. *Masterminds: In idyllic Serenity*, New Mexico, honesty and integrity are valued above all else. The thirty kids who live there never lie—they know it's a short leap from that to the awful problems of other, less fortunate places. Then one day Eli Frieden bikes to the edge of the city limits and something so crazy and unexpected happens, it changes everything. Action-packed and full of unexpected twists, this new series is perfect for young fans of James Patterson and John Grisham.

The highly anticipated sequel to *Ungifted* from #1 New York Times bestselling author Gordon Korman. Donovan Curtis has never been what anyone would call "gifted." But his genius friend Noah Youkilis is actually supergifted, with one of the highest IQs around. After years at the Academy for Scholastic Distinction, all Noah dreams of is the opportunity to fail if he wants to. And he's landed in the perfect place to do it—Donovan's school. Almost immediately, Noah finds himself on the wrong side of cheerleading captain Megan Mercury and alpha jock Hash "Hashtag" Taggart. Sticking up for Noah lands Donovan in the middle of a huge feud with Hashtag. He's told to stay away from the sports star—or else. That should be the end of it, but when a freak incident suddenly makes Donovan a hero, he can't tell anyone about it since Hashtag is involved. So Noah steps in and becomes "Superkid." Now he's gone from nerd to titan at school. And it may have gone more than a little bit to his head. This funny and heartwarming sequel to *Ungifted*, which has become a word-of-mouth hit, cleverly sends up our ideas about intelligence, heroism, and popularity.

When 12-year-old Cooper Vega moves for the third time in five years, he receives a state-of-the-art smartphone to help him stay in touch with old friends. He's had phones before, but this one is buggy and unpredictable. When a boy named Roderick Northrop communicates with him through the phone, Cooper realizes the phone isn't buggy at all; the thing is haunted!

Child prodigies. Gifted and Talented Programs. Perfect 2400s on the SAT. Sometimes it feels like the world is conspiring to make the rest of us feel inadequate. Those children tapped as possessing special abilities will go on to achieve great things, while the rest of us have little chance of realizing our dreams. Right? In *Ungifted*, cognitive psychologist Scott Barry Kaufman—who was relegated to special education as a child—sets out to show that the way we interpret traditional metrics of

Get Free Gordon Korman Ungifted

intelligence is misguided. Kaufman explores the latest research in genetics and neuroscience, as well as evolutionary, developmental, social, positive, and cognitive psychology, to challenge the conventional wisdom about the childhood predictors of adult success. He reveals that there are many paths to greatness, and argues for a more holistic approach to achievement that takes into account each young person's personal goals, individual psychology, and developmental trajectory. In so doing, he increases our appreciation for the intelligence and diverse strengths of prodigies, savants, and late bloomers, as well as those with dyslexia, autism, schizophrenia, and ADHD. Combining original research, anecdotes, and a singular compassion, *Ungifted* proves that anyone—even those without readily observable gifts at any single moment in time—can become great.

Gordon Korman's acclaimed and timely YA novel explores the dangerous side of high school contact sports. Marcus is new in town and is hoping to make the championship high school football team, but it seems like a closed club, run by current star quarterback Troy. One day, while tossing the ball around in a park one day, Marcus meets Charlie, a man in his fifties who can play football like an old pro, which is exactly what he happens to be — a former NFL player and local celebrity. Charlie has boundless energy and coaches Marcus on his fear of being tackled, but as Marcus becomes more involved in this friendship with Charlie, it becomes painfully obvious to him, through the simplicity of Charlie's thoughts, that the long-term effects of the violent plays he suffered during his football glory days have taken their toll on Charlie. With wit and sensitivity, Gordon Korman tackles truths about high school sports, while delivering a poignant story about an unlikely friendship.

When eighth-grader Cameron Boxer creates the Positive Action Group at school he intends it as a diversion to fool his parents, teachers, and sister into letting him continue to concentrate on his video-gaming--but before he knows it other kids are taking it seriously, and soon he finds himself president of the P.A.G., and involved in community service, so the boy who never cared about anything is now the center of everything, whether he likes it or not.

#1 New York Times bestselling author Gordon Korman's tale of a boy who doesn't know who he is anymore . . . literally.

A hilarious new middle grade novel from beloved and bestselling author Gordon Korman about what happens when the worst class of kids in school is paired with the worst teacher—perfect for fans of Ms. Bixby's Last Day. The Unteachables are a notorious class of misfits, delinquents, and academic train wrecks. Like Aldo, with anger management issues; Parker, who can't read; Kiana, who doesn't even belong in the class—or any class; and Elaine (rhymes with pain). The Unteachables have been removed from the student body and isolated in room 117. Their teacher is Mr. Zachary Kermit, the most burned-out teacher in all of Greenwich. He was once a rising star, but his career was shattered by a cheating scandal that still haunts him. After years of phoning it in, he is finally one year away from early retirement. But the superintendent has his own plans to torpedo that idea—and it involves assigning Mr. Kermit to the Unteachables. The Unteachables never thought they'd find a teacher who had a worse attitude than they did. And Mr. Kermit never thought he would actually care about teaching again. Over the course of a school year, though, room 117 will experience mayhem, destruction—and maybe even a shot at
