National N Certificate:
Electrical Engineering
(Heavy Current)

The NATED N1-N6 Electrical Engineering: Heavy Current qualification is a qualification from Levels N4-N6. This qualification is designed to provide the theory of Electrical Engineering pertaining to heavy current. You can attain a National Certificate or Diploma once you have worked 24 months and completed all levels.

Acces PDF Heavy Current Electrical Engineering

(N1-N6): HEAVY CURRENT

Many electrical and electronics engineers also work in areas closely related to computers (see Computer Software Engineer and Computer Hardware Engineer). There are various similarities, although also differences, between electrical and electronics engineering. Electronics engineering is often referred to as “light current” engineering and electrical engineering as “heavy current” engineering.
