through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not the Husky is the breed for you. If you already have a Husky, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together. Covered in this book: - Temperament - Vital statistics - Before you buy - Choosing the right dog - Health - Daily care - Feeding - House training - Medical care & safety - Grooming - Training - Poisonous Foods & Plants - Caring for your aging dog and much more.

Discusses the history, selection considerations, behaviors, care, nutrition, training methods, and health concerns of the Siberian husky.

Husky Training - Dog Training for your Husky puppy The training of dogs is often... ... confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ...

Read Free Husky Manuals Free

replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Husky profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is "normal" for him and how you can use this to your advantage. In addition, the characteristics of each breed are significant when you get beyond the basic training phase. Your Husky will show characteristics which are different to those of a Pug, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Husky training books. Vol. 2 for your grown up Husky is also available with the title "Husky Training Vol. 2: Dog Training for your grown-up Husky" Author Claudia Kaiser says about her book: "It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship." Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-step
