Early years. Simone de Beauvoir was born on 9 January 1908 into a bourgeois Parisian family in the 6th arrondissement. Her parents were Georges Bertrand de Beauvoir, a legal secretary who once aspired to be an actor, and Fran\u00e7oise Beauvoir (n\u00e9e Brasseur), a wealthy banker's daughter and devout Catholic. Simone's sister, H\u00e9l\u00e8ne, was born two years later.

*The Second Sex* (French: *Le Deuxième Sexe*) is a 1949 book by the French existentialist Simone de Beauvoir, in which the author discusses the treatment of women throughout history. Beauvoir researched and wrote the book in about 14 months between 1946 and 1949. She published it in two volumes, *Facts and Myths* and *Lived Experience* (*Les faits et les mythes* and *L'expérience vécue* in French).

A never-before-published novel by the iconic Simone de Beauvoir of an intense and vivid girlhood friendship. From the moment Sylvie and Andrée meet in their Parisian day school, they see in each other an accomplice with whom to confront the mysteries of girlhood. For the next ten years, the two are the closest of friends and confidantes as they explore life in a post-World War One France, and as Andrée becomes increasingly reckless and rebellious, edging closer to peril. Sylvie, insightful and observant, sees a France of clashing ideals and religious hypocrisy—and at an early age is determined to form her own opinions. Andrée, a tempestuous dreamer, is inclined to melodrama and romance. Despite their different natures they rely on each other to safeguard their secrets while entering adulthood in a world that did not pay much attention to the wills and desires of young women. Deemed too intimate to publish during Simone de Beauvoir's life, *Inseparable* offers fresh insight into the groundbreaking feminist's own coming-of-age; her transformative, tragic friendship with her childhood friend Zaza Lacoïn; and how her youthful relationships shaped her philosophy. Sandra Smith's vibrant translation of the novel will be long cherished by de Beauvoir devotees and first-time readers alike.

For the second edition of her landmark study of Simone de Beauvoir, Toril Moi provides a major new introduction discussing current developments in Beauvoir studies as well as the recent publication of papers and letters by Beauvoir, including her letters to her lovers Jacques-Laurent Bost and Nelson Agren, and her student diaries from 1926-7.

Chronicles the life of the French writer, examining her roles as author, philosopher, feminist, and companion to Jean-Paul Sartre

This collection of classic titles by Beauvoir her most well know writings, *The Second Sex* and *The Ethics Of Ambiguity* as well as a biography of her life and a rare interview on her book *The Second Sex*. French writer and feminist, and Existentialist. She is known primarily for her treatise *The Second Sex* (1949), a scholarly and passionate plea for the abolition of what she called the myth of the “eternal feminine.” It became a classic of feminist literature during the 1960s. Her novels expounded the major Existential themes, demonstrating her conception of the writer's commitment to the times. *She Came To Stay* (1943) treats the difficult problem of the relationship of a conscience to “the other”. Of her other works of fiction, perhaps the best known is *The Mandarins* (1954), a chronicle of the attempts of post-World War II intellectuals to leave their “mandarin” (educated elite) status and engage in political activism. She also wrote four books of philosophy, including *The Ethics of Ambiguity* (1947). Several volumes of her work are devoted to autobiography which constitute a telling portrait of French intellectual life from the 1930s to the 1970s. In addition to treating feminist issues, de Beauvoir was concerned with the issue of aging, which she addressed in *A Very Easy Death* (1964), on her mother's death in a hospital. In 1981 she wrote *A Farewell to Sartre*, a painful account of Sartre's last years. Simone de Beauvoir revealed herself as a woman of formidable courage and integrity, whose life supported her thesis: the basic options of an individual must be made on the premises of an equal vocation for man and woman founded on a common structure of their being, independent of their sexuality.

New in the critically acclaimed Little People, BIG DREAMS series, discover the incredible life of Simone de Beauvoir, the great French philosopher and mother of feminism. When Simone de Beauvoir was a little girl, her father would proudly boast that she had the brain of a man—whatever that meant. But later, after years of studying, Simone would write a book that challenged the role of women in society, sending shock waves around the world. This moving book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the philosopher's life. Little People, BIG DREAMS is a best-selling series of books and educational games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover versions present expanded stories for beginning readers. Boxed gift sets allow you to collect a selection of the books by theme. Paper dolls, learning cards, matching games, and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

Simone de Beauvoir's groundbreaking work has transformed the way we think about gender and identity. Without her 1949 text *The Second Sex*, gender theory as we know it today would be unthinkable. A leading figure in French existentialism, Beauvoir's concepts of 'becoming woman' and of woman as 'Other' are among the most influential ideas in feminist enquiry and debate. This book guides the reader through the main areas of Simone de Beauvoir's thought,

including: \*existentialism and ethics \*gender studies and feminism \*literature and autobiography \*sexuality, the body and ageing Drawing upon Beauvoir's literary and theoretical texts, this is the ideal introduction to her thought for students on a range of courses including literature, cultural studies, gender, philosophy and modern languages.

Simone de Beauvoir and the Colonial Experience presents a gendered and female perspective of French colonialism between 1946 and 1962. Beauvoir's colonial reflections can help us to better gauge how women—White, Asian, Arab, Caribbean, Latina, mixed race, and Black—decipher the crimes and injustices of French colonialism.

In the introduction to *The Second Sex*, Simone de Beauvoir notes that "a man never begins by establishing himself as an individual of a certain sex: his being a man poses no problem." Nancy Bauer begins her book by asking: "Then what kind of a problem does being a woman pose?" Bauer's aim is to show that in answering this question *The Second Sex* dramatizes the extent to which being a woman poses a philosophical problem. In exploring what it might mean to philosophize as a woman, Beauvoir produced a book that not only sparked the contemporary feminist movement but also, Bauer argues, made an important but still profoundly undervalued contribution to the philosophical tradition.
