~~I bought a SM-8 new with a new ICOM 765 in 1991. Sold the 765 in 2000. Put the mic away. Just hooked it up to my ICOM 9700 and 7610 (has two mic leads). Works great. The ICOM Electic mic has plenty of push. Controls on the bottom allow you to set it for each mic lead. Find one, you might want to give it a try.~~
