[48] In his essay "American-Type Painting," Greenberg noted those works were the first of all-over painting he had seen, and said, "Pollock admitted that these pictures had made an impression on him".*

Jackson Pollock - Wikipedia

Paul Jackson Pollock (January 28, 1912 - August 11, 1956) was an American painter and a major figure in the abstract expressionist movement. He was widely noticed for his technique of pouring or splashing liquid household paint onto a horizontal surface ('drip technique'), enabling him to view and paint his canvases from all angles.

Jackson Pollock style abstract painting, abstract canvas art, abstract print in gray and gold tones.

Deborah Solomon's biography sets Jackson Pollock in his time and portrays him as a shy, often withdrawn person, full of insecurities and self-doubts, and frequently unable to express himself about his art or its meaning. Solomon interviewed two hundred people who knew Pollock and his work and she has drawn extensively on Pollock's own writings and other personal papers. She examines the artist's relationships with his family; his wife and fellow artist Lee Krasner; art patron Peggy Guggenheim; the painters Willem de Kooning, Mark Rothko, and many more.

A clever, charmingly quirky portrayal of painter Jackson Pollock - and the first in a series of picture-book biographies of contemporary artists Jackson Pollock was unlike any other painter. Instead of sitting in front of an easel with brushes, he poured paint over canvases rolled-out across the floor, moving, splashing, and making the vivid liquid run with energy and rhythm. Pollock's story is told here with wit and eccentricity, perfectly paired with black-line illustrations - and splatters galore. Fausto Gilberti brings movement, life, and whimsy to the true life story of one of the most important contemporary artists of our time.

Nowhere is the complex and destructive painter Jackson Pollock (1912-1956) revealed with more compassion and insight than in this exemplary biography. Friedman, a friend of Pollock's and active in the art world, shows him to be a brilliant man tormented by his relationship to his family; an artist who worked hard through years of poverty to achieve his controversial painting technique; the first American painter to gain an international reputation for himself and for what has been variously called Action Painting or Abstract Expressionism; and a man who struggled with alcohol and the tension between gentleness and violence. Newly illustrated with seminal Pollock paintings, this book takes the reader inside the art world of New York during the '40s and '50s, when Action Painting first emerged. Friedman reveals what it meant to Pollock to experience the invasion of his studio and of the very act of painting by the external pressures of shows, reviews, films, dealers, critics, hostile publicity; and how, despite it all, Pollock created many of the most graceful and powerful paintings ever made in America.

Spiral bound; handwritten recipes on endpapers.

The perfect introduction to the life and work of Jackson Pollock.

Based on more than 2,000 interviews with 850 people, Jackson Pollock is the first book to explore the life of a great artist with the psychological depth that marks the best biographies of literary and political figures. In eight years of research the authors have uncovered previously unknown letters and documents, gained access to medical and psychiatric records, and interviewed scores of the artist's friends and acquaintances whose stories had never been told. They were also the first biographers in twenty years to benefit from the cooperation of Pollock's widow, Lee Krasner. --from publisher description.

Imagines Jackson Pollock at work during the creation of one of his paint-swirled and splattered canvases.

Part Of The Great American Artists Series Of Books.

Jackson Pollock (1912-1956) not only put American art on the map with his famous "drip paintings," he also served as an inspiration for the character of Stanley Kowalski in Tennessee Williams's "A Streetcar Named Desire"--the role that made Marlon Brando famous. Like Brando, Pollock became an icon of rebellion in 1950s America, and the brooding, defiant persona captured in photographs of the artist contributed to his celebrity almost as much as his notorious paintings did. In the years since his death in a drunken car crash, Pollock's hold on the public imagination has only increased. He has become an enduring symbol of the tormented artist--our American van Gogh. In this highly engaging book, Evelyn Toynton examines Pollock's itinerant and poverty-stricken childhood in the West, his encounters with contemporary art in Depression-era New York, and his years in the run-down Long Island fishing village that, ironically, was transformed into a fashionable resort by his presence. Placing the artist in the context of his time, Toynton also illuminates the fierce controversies that swirled around his work and that continue to do so. Pollock's paintings captured the sense of freedom and infinite possibility unique to the American experience, and his life was both an American rags-to-riches story and a darker tale of the price paid for celebrity. American style.
