## Jujutsu - Wikipedia

Jiu-Jitsu constitutes the natural defense the weak person disposes of against the strong person. It is a sort of leveling process through which brute force, confronted and dominated by the wise application of rational mechanics, is led to admitting that the human being, usually taken as a body endowed with a soul, should actually be deemed a soul that happens to reside in a body.

To start, for me, a good definition of a data product is a product that facilitates an end goal through the use of data. It's tempting to think of a data product purely as a data problem. After all, there's nothing more fun than throwing a lot of technical expertise and fancy algorithmic work at a difficult problem.

Political jiu-jitsu can operate only when violent repression is met with continued nonviolent defiance, not violence or surrender. The opponent's repression is then seen in the worst possible light. Resulting shifts in opinion are likely to occur among third parties, the general grievance group and even the opponent's usual supporters.
