(Guitar Solo). The arrangements in this book are carefully written for intermediate-level guitarists. Each song combines melody and harmony in one superb fingerpicking arrangement. The book also includes an easy introduction to basic fingerstyle guitar. Songs include: Behind Blue Eyes * Best of My Love * Blowin' in the Wind * The Boxer * Dust in the Wind * Helplessly Hoping * Hey Jude * Learning to Fly * Leaving on a Jet Plane * Tears in Heaven * You've Got a Friend * and more.

Create cross-platform mobile apps without having to learn a new language! PhoneGap is an open source solution, ideal for web developers wanting to build cross-platform mobile apps without having to learn a new language. Using HTML, CSS, and Javascript, PhoneGap allows you to jump into the mobile world and develop apps for iPhone, Android, and the BlackBerry. Walks you through installing the development software Covers the basics of each of PhoneGap's functional units Introduces various projects you can build with the framework Discusses using HTML, CSS, JavaScript Explores the features accelarameter and compass Examines media, storage and files, camera, contacts, geolocation, and more Within Beginning PhoneGap, each new chapter builds on the lessons taught in the previous so that by the end of the book, you can have mobile apps up and running! "NOTE: Several significant changes to the PhoneGap software occurred shortly after this book was published. The author has written extra pages to address these and other changes. You can download the updates to this book from the book's support page on the Wrox website."

About the book: A meticulous scientific presentation of the unity of being, (one unified being) presented by the contemporary Aref (Sufi Master) and teacher, Molana Salaheddin Ali Nader Shah Angha (Hazrat Pir). This inspired manuscript presents a fresh view of the essence within as well as beyond the frontiers of almost 12 billion light years of cosmic expansion. Expansion and Contraction within Being (DAHM) deals with the foremost, cutting edge problems of science, including biology, immunology, molecular physics, cosmology, and neurology, to name a few. For example, Hazrat Pir unifies the seemingly various forces of Nature by demonstrating that it is the amount of Expansion and Contraction which is the only factor needed for specifying the dynamic variables of a particle or a system. Hazrat Pir's surge of intuitive knowledge and wisdom, especially in this book, is truly an illumination to the pathways of scientists' search for the truth. This book should be studied deeply by anyone interested in a scientific approach toward understanding the truth of the vast and united Existence. About the author: Known as Hazrat Pir, His holiness Molana Salaheddin Ali Nader Shah Angha is the forty-second in an unbroken succession of eminent Sufi masters dating back to the seventh century He is the head of M.T.O. Shahmaghsoudi Sufi Order. Hazrat Pir's knowledge is not limited to the esoteric disciplines or sacred sciences, but expands to other disciplines, including physics, mathematics, astrophysics, astronomy, bio-physics, architecture, and philosophy. The author of numerous works in poetry and prose, the school has grown under his tutelage to include over 400,000 students worldwide.

Written by a non-Jewish analytic philosopher, this book addresses the issue of whether, and to what extent, current opposition to Israel on the liberal-left embodies anti-Semitic stances. It argues that the dominant climate of liberal opinion disseminates, however inadvertently, a range of anti-Semitic assertions and motifs of the most traditional kind. It advocates a return to an unrestricted anti-racism which would allow liberals to defend Palestinian interests without demonizing Jews.

This is a comprehensive, practical, densely illustrated diagnostic and therapeutic guide for all geriatric dermatology providers. The book comprises 50 chapters and over 600 color photographs on topics ranging from common conditions such as basal cell carcinoma, rosacea, and seborrheic dermatitis to unusual conditions such as angiosarcoma, dermatofibrosarcoma protuberans, and porphyria cutanea tarda. Sections include: - Inflammatory conditions (including contact dermatitis, alopecia, erythema multiforme, pemphigus, bullous pemphigoid, porphyria, pruritus, psoriasis, rosacea, seborrhea, urticaria, xerosis, and more) - Infections (fungus, herpes simplex and zoster, scabies, lice, and warts) - Skin signs in systemic disease (skin tags, cutaneous metastases, xanthomas) - Regional dermatoses (intertrigo, leg ulcers, pressure sores) - Benign tumors (chondrodermatitis, cysts, ganglion, fibrous papule, seborrheic keratoses, lentigines, and benign vascular lesions) - Pre-malignant and malignant tumors (actinic keratoses, angiosarcoma, basal cell carcinoma, dermatofibroma and dermatofibrosarcoma protuberans, intraepidermal neoplasia, Kaposi's sarcoma, keratoacanthoma, lentigo maligna, cutaneous lymphoma, Mycosis fungoides, melanoma, nevi and moles, and squamous cell carcinoma)

As the earth is slowly defiled--by everything from oil spills to the extinction of animals--New York City reporter Tess Drake finds herself in the middle of a fierce battle between two covert armies. Reissue.

"There are places where history feels irrelevant, and America's inner cities are among them," acknowledges Michael Katz, in expressing the tensions between activism and scholarship. But this major historian of urban poverty realizes that the pain in these cities has its origins in the American past. To understand contemporary poverty, he looks particularly at an old attitude: because many nineteenth-century reformers traced extreme poverty to drink, laziness, and other forms of bad behavior, they tried to use public policy and philanthropy to improve the character of poor people, rather than to attack the structural causes of their misery. Showing how this misdiagnosis has afflicted today's welfare and educational systems, Katz draws on his own experiences to introduce each of four topics--the welfare state, the "underclass" debate, urban school reform, and the strategies of survival used by the urban poor. Uniquely informed by his personal involvement, each chapter also illustrates the interpretive power of history by focusing on a strand of social policy in the nineteenth and twentieth centuries: social welfare from the poorhouse era through the New Deal, ideas about urban poverty from the undeserving poor to the "underclass," and the emergence of public education through the radical school reform movement now at work in Chicago. Why have American governments proved unable to redesign a welfare system that will satisfy anyone? Why has public policy proved unable to eradicate poverty and prevent the deterioration of major cities? What strategies have helped poor people survive the poverty endemic to urban history? How did urban schools become unresponsive bureaucracies that fail to educate most of their students? Are there fresh, constructive ways to think about welfare, poverty, and public education? Throughout the book Katz shows how interpretations of the past, grounded in analytic history, can free us of comforting myths and help us to reframe discussions of these great public issues.

Written in straightforward business language, The Transformational CIO is a concise guide for staying ahead of the competition and seizing opportunities for success in a turbulent global economy.

“[Brennan] is making a name for herself by producing not only memorable heroes but also unforgettable villains.”—Romantic Times Book Reviews Fear never dies Theodore Glenn loves to inflict pain . . . both on his victims and on those who later find the mutilated corpses. At his trial seven years ago, Glenn vowed vengeance on Detective Will Hooper, the cop who nabbed him, and beautiful Robin McKenna, the stripper whose testimony put him behind bars. When a catastrophic disaster sets Glenn free, he blazes a freshly bloodied path across San Diego County. But the death he craves most is Robin McKenna's. Putting aside their past troubled relationship, Will rushes to protect Robin, now a savvy businesswoman operating an upscale club. As the killings mount and Glenn proves a master manipulator, Robin and Will become snared in a twisted web of horror. But the shocking truth is even worse: The evil they are to face is even deadlier than they fear.
