Developers who want to access USB devices from their embedded systems will find a helpful resource in USB Embedded Hosts: The Developer's Guide. This new book from the author of USB Complete shows how small systems can take advantage of the same wealth of USB devices available to conventional PCs. The book begins with a review of USB host communication protocols. Readers then learn which USB host requirements are relaxed for embedded systems and what new requirements some embedded systems must meet. To help in selecting a development platform, the book explores available hardware and software for USB host communications in small systems. The heart of the book focuses on communicating with USB devices. The topics (with example code) include USB drives, keyboards, virtual serial ports, network bridges, mics, speakers, video cameras, and printers, plus devices that don't fit defined USB classes. Also discussed are systems that support both USB host and device functions. The example code is written for the BeagleBoard-xM open development board using a distribution of Linux targeted to small systems. Also covered is how to use Linux commands and utilities to learn about, monitor, and debug communications with USB devices.

* Problem-solving tactics and practical test-taking techniques provide in-depth enrichment and preparation for various math competitions * Comprehensive introduction to trigonometric functions, their relations and functional properties, and their applications in the Euclidean plane and solid geometry * A cogent problem-solving resource for advanced high school students, undergraduates, and mathematics teachers engaged in competition training

Zend Enterprise PHP Patterns is the culmination of years of experience in the development of web-based applications designed to help enterprises big and small overcome the challenges of the web-based application world and achieve harmony in not only the architecture of their application, but also the entire process under which that application is created and maintained. Taken directly from real-life experiences in PHP application development, Zend Enterprise PHP Patterns will help you Utilize open source technologies such as PHP and Zend Framework to build robust and easy-to-maintain development infrastructures. Understand Zend Framework and its philosophical approach to building complex yet easy-to-maintain libraries of functionality for your application that can scale with your needs. Benefit through an in-depth discussion of tools and techniques that can significantly enhance your ability to develop code faster, fix bugs, and increase performance.

Fellowship with the Holy Spirit, encounter God in deeply personal ways, and release the power of the Holy Spirit in signs, wonders, and miracles. Life With the Holy Spirit will bring you into the joy and power that comes from intimacy with Him through discussing topics such as: How to see the fruit of the Spirit manifest in your life How to move in the gifts of the Holy Spirit The power of praying in the Spirit and the gift of tongues How to hear and see in the Spirit (visions, dreams, and revelation) How to partner with the Holy Spirit for healing and miracles

Comprehensive and issue-focused, Sport in Canada: A History is an engaging and thought-provoking investigation into the role of sports, games, and pastimes in Canadian life. This sweeping history emphasizes the sociocultural factors that inform current issues in sport, such as violence,injury, gender, and multiculturalism. Now in its fourth edition, this revitalized text guides students toward a deeper appreciation of the role sport has played in shaping our national identity.

Focuses on organisational goals and those of other stakeholders and society at large. This book provides an insight into the potential benefits and pitfalls, expectations and concerns of advancing a critical view of HRD in practice. It is intended for lecturers, students and practitioners who are aching for a critical analysis.

When monsters appear on Earth, Maggie MacKay is on the job. No one is better at hauling the creepy crawlies back where they belong. No one, that is, except Maggie's dad, who vanished in the middle of an assignment. Now, an elf named Killian has shown up with a gig. Seems Maggie's uncle teamed up with the forces of dark to turn Earth into a vampire convenience store, serving bottomless refills on humans. Ah, family... The only hope for survival lies in tracking down two magical artifacts and a secret that disappeared with Maggie's dad. WARNING: This book contains cussing, brawling, and unladylike behavior. Proceed with caution.

"I have dents, bruises, scars, and cracks so deep that it's a wonder I'm not in a million pieces..."Sometimes things aren't always what they seem. Sometimes pain lies underneath, buried so deep that for a moment you let yourself forget – until you can't. I didn't realize how numb I was until I started feeling again, and he made me feel – everything. Cooper Hudson came into my life when I needed him the most – twice. This is my story. This is the story of us. "It was funny how you never really realized how lifeless you were until someone came along and gave you that shock to the chest that forced your heart to start beating again."

A nightmare is a fear your heart relates...Solitude, serenity and sanity are vital to Moriah Copeland's life. Focused on helping kids the system forgets, she is unaware of the powers she harbors deep in her soul. But at night, her vivid dreams waver between a scene of her worst nightmare, and a true confidant. Imagine her surprise when she realizes her dreams might be more than they seem, she suddenly has crazy magic powers, and three strange men crash a too good to be true second date for help finding their long-lost friend.Loyalty means you don't quit...Closer than brothers, Kaiser, Walker, Remington and Levi are not one without the others. Since Walker's disappearance three years prior, they haven't been the same. Driven to find their lost comrade, they are not above breaking any laws, be they magekind or human. When a fluke encounter alerts them to Mori's potential, they can't ignore their instincts.Can they earn Mori's trust after kidnapping her or will she walk away from the crazy world she's been thrust into and the men who need her help?
