Lucy in the Sky (German Edition) Kindle Edition

A bold exploration into "hippie lit." Lucy in the Sky tells the story of Gene Steen, an earnest, intelligent, truth-seeking teen stuck in the cultural wasteland of his suburban home. He wants to be a hippie in the worst way. He doesn't know what that means, really, just knows that hippies are scarce on the ground in the forlorn Midwest of Gene's 15th year. Then, propitiously on the Summer Solstice, his life is turned upside down by the arrival of his lively, lovely, long-lost cousin Lucy. She's hip beyond Gene's wildest dreams and immediately takes him under her wing. Lucy teaches Gene that being a hippie isn't about love beads and peace signs, but about the choices you make and the stands you take. Yet for all her airy insights into religion, philosophy and "the isness of it all," Lucy harbors dark secrets - secrets that will soon put her on the run, with Gene by her side. Lucy in the Sky resonates of such classics as Summer of '42 and Zen in the Art of Motorcycle Maintenance, and invites the reader into a richly detailed vision of the '60s, as realized by Vorhaus's sure-handed prose and authentic sense of place and time. With frank talk about sex and drugs, Vorhaus pulls no punches about the realities of the era, yet delivers an uplifting message about personal power and the path to enlightenment. A rewarding read for young seekers and old geezers alike.

When you wake up to find a spaceship in your back garden what do you do? Choose from the following: Phone the police. Scream. Go yell at the alien for wrecking your garden. Lucy storms out of her house to confront the inept pilot and the last option turns out to be both the right and wrong choice when she finds the gorgeous hunk's name is Three. She's torn between fury that he's crushed her roses and decapitated her statue of Eros, and a longing that he enliven her boring life and whisk her to the stars. Three doesn't give her a choice when he throws her over his broad shoulders and takes her into space. Lucy soon finds herself exploring alien territory in ways she never imagined. Three's efforts to hide and protect her on the mother ship are stymied by his inability to keep his hands-and other body parts-off the luscious Lucy, and it looks as if her immediate fate might be a solo trip into space without a spacesuit.

A diary by an unnamed 16-year-old drug addict from an upper middle-class neighborhood in Santa Monica documents the ruination of her life after experimenting with drugs and alcohol at a party, after which she rejects everything she once cared about. By the author of O. Simultaneous.

THE SUNDAY TIMES BESTSELLING AUTHOR Escape to the summer and feel the warmth of Paige Toon's storytelling Settling down for a 24-hour flight to Australia, Lucy finds a text message on her phone - not from her boyfriend James, as she fondly hopes, but from a woman claiming to have slept with him four times in the past month. Trapped on the plane, she questions everything about her relationship with James. She finally calls him and he reassures her: it was only his mates playing a silly joke. James is a lawyer, persuasive and gorgeous and Lucy adores him. So why, at the wedding in Sydney of her best friend Molly, does she have niggling doubts, and find herself attracted to Molly's brother-in-law Nathan? The sooner she gets back to her regular life in London, the flat she shares with James, her job in PR, the better. Nathan is a happy-go-lucky surfer boy, with no prospects, no place to live, an almost-girlfriend in tow. And the other side of the world... Lucy - a girl caught between two distant continents - and two very different men... THE ONE WE FELL IN LOVE WITH was selected for the Zoella Book Club and Paige Toon's novels have been published across the world. Praise for Paige Toon's novels: "You'll love it, cry buckets and be uplifted" MARIAN KEYES "I blubbed, I laughed and I fell in love... utterly heart-wrenching" GIOVANNA FLETCHER "Devoured this in one sitting" COSMOPOLITAN "An absorbing and emotional read" HEAT

In this contemporary graphic novel, twelve-year-old Lucy discovers her father's collection of Beatles records and is inspired to form an all-girl rock band. It's the first day of seventh grade, and everything is going downhill for Lucy Sutcliffe. At school, she has the feeling her friends are all leaving her behind. At home, her single father is in a rut, and her perpetually traveling photojournalist mother is more absent than ever. Worst of all, Lucy's grandmother is undergoing chemotherapy and is no longer the warm, vibrant presence that her family has come to depend on. But everything changes the day Lucy discovers a box of her father's Beatles records. Inspired by their music, she gets a drum set and forms an all-girl rock band with her friends. But can she keep the band together when petty rivalries, unrequited crushes, and outside pressures threaten to tear it apart?

One night at bedtime, Rory's mother tells him about the "magic sky." The little polar bear is so excited to see it. But how long will he have to wait? The magic sky that Rory sees is a real phenomenon called the Aurora Borealis (or Northern Lights) and can be seen in the Arctic and far northern hemisphere.

Lucy in the Sky (German Edition) Kindle Edition

Lucy's Chantress magic will make her the most powerful—and most hunted—girl in England in this “richly and thoughtfully written” story (Publishers Weekly). “Sing, and the darkness will find you.” This warning has haunted Lucy ever since she was shipwrecked on a lonely island. Lucy's guardian, Norrie, has lots of rules, but the most important is that Lucy must never sing. Not ever. But on All Hallows' Eve, Lucy hears a tantalizing melody on the wind. She can't help but sing along—and she is swept into darkness. When she awakes in England, Lucy hears powerful men discussing Chantresses—women who can sing magic into the world. They are hunting her, but she escapes and finds sanctuary with the Invisible College, an organization plotting to overthrow the nefarious Lord Protector. The only person powerful enough to bring about his downfall is a Chantress. And Lucy is the last one in England. Lucy struggles to master the song-spells and harness her power, but the Lord Protector is moving quickly. And her feelings for Nat, an Invisible College apprentice and scientist who deeply distrusts her magic, only add to her confusion... Time is running out, and the fate of England hangs in the balance in this entrancing novel that is atmospheric and lyrical, dangerous and romantic.

Reconsiders the questions of evolution made in the wake of the stunning discovery of a 3.2 million year-old female skeleton known as Lucy, a new and transitional species placed somewhere between apes and humans that would forever change the way scientists think about human origins.

Loosely based on real-life events, this suspenseful story, by a debut novelist, is also funny and touching and will have readers riveted from start to finish. Lucy's mother is the U.S. Ambassador to Ethiopia, so Lucy's life must be one big adventure, right? Wrong. Lucy's worrywart mother keeps her locked up inside the ambassador's residence. All Lucy can do is read about the exotic and exciting world that lies beyond the compound walls and imagine what it would be like to be a part of it. That is, until one day Lucy decides she has had enough and she and a friend sneak off for some fun. But to their horror, Lucy gets kidnapped! With only herself to rely upon, Lucy must use her knowledge of African animals, inventiveness, will, and courage to escape, and in the process embarks on an adventure beyond her wildest imagination. Includes bonus material! - Book Club Discussion Guide
