The present book, Scientists Inventions and Discoveries is one among the five books of the series, Children's Encyclopedia - The World of Knowledge. The book has been broadly divided into two parts- Part-I: The brief life histories and salient contributions of some well-known Scientists like

Read Book Manorama Tell Me Why Free

Archimedes, Albert Einstein, Charles Darwin, Galileo, Newton, Louis Pasteur, Michael Faraday, Marie Curie, Thomas Alva Edison and many more. The second part or Part II emphasises on some major Inventions and Breakthroughs in the scientific world, such as: Bacteria, Vitamins, Vaccines, Aeroplane, Electricity, Cinema, Steam Engine and so on which have revolutionised and transformed the human life completely. Therefore dear readers, grab the book as soon as you can, for it's a treasure trove of knowledge and information, and if you happen to be a school student, you can even use it as a reference book or guide. Happy Reading and Learning too!

Why is the tulsi considered sacred? What is the significance

Read Book Manorama Tell Me Why Free

of namaste? Why do Hindus light a lamp before performing a ritual? Why is it forbidden to sleep facing the south? Why do Hindus chant 'shanti' three times after performing a rite? Millions of Hindus the world over grow up observing rites, rituals and religious practices that lie at the heart of Hinduism, but which they don't know the significance of. Often the age-old customs, whose relevance is lost to modern times, are dismissed as meaningless superstitions. The truth, however, is that these practices reveal the philosophical and scientific approach to life that has characterized Hindu thought since ancient times; it is important to revive their original meanings today. This handy book tells the fascinating stories and explains the science behind the Hindu rites and rituals that we sometimes follow blindly. It is essential reading for anyone

interested in India's cultural tradition.

What is the coronavirus, and why is everyone talking about it? Engagingly illustrated by Axel Scheffler, this approachable and timely book helps answer these questions and many more, providing children aged 5-10 and their parents with clear and accessible explanations about the coronavirus and its effects - both from a health perspective and the impact it has on a family's day-to-day life. With input from expert consultant Professor Graham Medley of the London School of Hygiene & Tropical Medicine, as well as advice from teachers and child psychologists, this is a practical and informative

Hanukkah in Alaska is unlike anywhere else. Snow piles up over the windows. Daylight is only five hours long. And one girl finds a moose camped out in her backyard, right near her favorite blue swing. She tries everything to lure it away: apples, carrots, even cookies. But it just keeps eating more tree! It's not until the last night of Hanukkah that a familiar holiday tradition provides the perfect—and surprising—solution.

Violent crime in New York City had grown too much for the state's criminal justice system to follow through with death penalties bogged down by the appeals process. Often, prisoners convicted of first-degree murder were given cushy jobs while waiting for their cases to be heard. Lower-court judges were especially frustrated when they noted that several repeated offenders were "back on the street." And it was primarily out of frustration that a secret organization was formed. The Concerned Citizens Group (CCG) was composed of twelve New Yorkers whose prime purpose was to decrease the percentage of violent crimes. And the method that the CCG chose caused it to be targeted by the NYPD, the FBI, and the mafia. Over just eighteen months, the organization publicly announced—and carried out—the

execution of prisoners convicted of murder in the first degree. However, when a crime boss was also executed, a \$2.5 million reward was offered for the identity of CCG members. Does the reward work, or does it solidify the membership even more?

Naveen S Short Stories Encompass A Wide Spectrum Of Life. What the Animals Taught Me is a collection of stories about

Read Book Manorama Tell Me Why Free

rescued farm animals in a shelter in Sonoma County, California, and what these animals can teach us. Each story illuminates how animals can help us see and embrace others as they truly are and reconnect us with the natural world. Wishing to escape the urban rat race, freelance writer and editor Stephanie Marohn moved to rural northern California in 1993. Life was sweet. She was a busy freelancer. In return for reduced rent, she fed and cared for two horses and a donkey. Her life was full. And then, more farm animals started to appear: a miniature white horse, a donkey, sheep, chickens, followed by deer and other wildlife. Each one needed sanctuary either from abuse, physical injury, or neglect. Marohn took each animal in and gradually turned her 10-acre spread into an animal sanctuary. A deeply inspiring
