Mary, byname Mary, Queen of Scots, original name Mary Stuart or Mary Stewart, (born December 8, 1542, Linlithgow Palace, West Lothian, Scotland—died February 8, 1587, Fotheringhay Castle, Northamptonshire, England), queen of Scotland (1542-67) and queen consort of France (1559-60). Her unwise marital and political actions provoked rebellion among the Scottish nobles, forcing her to flee to England, where she was eventually beheaded as a Roman Catholic threat to the English throne.

**Mary Queen of Scots**

"A book that will leave few readers unmoved."--San Francisco Chronicle She was the quintessential queen: statuesque, regal, dazzlingly beautiful. Her royal birth gave her claim to the thrones of two nations; her marriage to the young French dauphin promised to place a third glorious crown on her noble head. Instead, Mary Stuart became the victim of her own impulsive heart, scandalizing her world with a foolish passion that would lead to abduction, rape and even murder. Betrayed by those she most trusted, she would be lured into a deadly game of power, only to lose to her envious and unforgiving cousin, Elizabeth I. Here is her story, a queen who lost a throne for love, a monarch pampered and adored even as she was led to her beheading, the unforgettable woman who became a legend for all time. Praise for Mary Queen of Scots "She was sometimes reviled as a scheming whore, sometimes revered as a misunderstood martyr. But she was invariably regarded as fascinating. Antonia Fraser's richly readable biography demonstrates that Mary's great fascination continues unabated."--Time "Compassionate, illuminating, rich in human interest."--The New York Times "One of the most fascinating figures in history." --The Columbus Dispatch "With grace, sensitivity, and a sharp eye for detail, lady Antonia Fraser has succeeded not only in recapturing the real Mary from the symbol but also in illuminating the chaotic age in which she lived."--Newsweek

Mary Queen of Scots passed her childhood in France and married the Dauphin to become Queen of France at the age of sixteen. Widowed less than two years later, she returned to Scotland as Queen after an absence of thirteen years. Her life then entered its best known phase: the early struggles with John Knox and the unruly Scottish nobility; the fatal marriage to Darnley and his mysterious death; her marriage to Bothwell, the chief suspect, that led directly to her long English captivity at the hands of Queen Elizabeth; the poignant and extraordinary story of her long imprisonment that ended with the labyrinthine Babington plot to free her, and her execution at the age of forty-four.

BONUS: This edition contains an excerpt from Alison Weir's Mary Boleyn. Handsome, accomplished, and charming, Henry Stuart, Lord Darnley, staked his claim to the English throne by marrying Mary Stuart, who herself claimed to be the Queen of England. It was not long before Mary discovered that her new husband was interested only in securing sovereign power for himself. Then, on February 10, 1567, an explosion at his lodgings left Darnley dead; the intrigue thickened after it was discovered that he had apparently been suffocated before the blast. After an exhaustive reevaluation of the source material, Alison Weir has come up with a solution to this enduring mystery. Employing her gift for vivid characterization and gripping storytelling, Weir has written one of her most engaging excursions yet into Britain's bloodstained, power-obsessed past.

France's iconic queen, Marie Antoinette, wrongly accused of uttering the infamous "Let them eat cake," was alternately revered and reviled during her lifetime. For centuries since, she has been the object of debate, speculation, and the fascination so often accorded illustrious figures in history. Married in mere girlhood, this essentially lighthearted child was thrust onto the royal stage and commanded by circumstance to play a significant role in European history. Antonia Fraser's lavish and engaging portrait excites compassion and regard for all aspects of the queen, immersing the reader not only in the coming-of-age of a graceful woman, but in the culture of an unparalleled time and place.

The acclaimed New York Times bestselling author shares vivid memories of her childhood and recalls the experiences that set her on the path to a writing life. Ever since she received Our Island Story by H. E. Marshall as a Christmas present in 1936, Antonia Fraser's deep love of history has been a constant in her remarkable life. The book made such an impression that it inspired her to write Mary, Queen of Scots thirty years later. Born into British aristocracy, the author's idyllic early childhood was interrupted by a wartime evacuation to North Oxford. The relocation had profound effects on her life, not the least of which was her education at a Catholic convent and her eventual conversion from the Protestant faith to Catholicism. Her memories of holidays spent at Dunsany Castle and Pakenham Hall, a stint as "Miss Tony" selling hats in a London department store, and her early days working in publishing are all told in her singular, irresistible voice. My History is a heartfelt memoir that is also a love letter to a British way of life that has all but disappeared. Anglophiles, history lovers, and Downton Abbey fans are sure to be enthralled.

Mary Stuart, Queen of Scots, was one of history's romantically tragic figures. Devious, naïve, often highly principled, beautiful, and sexually voracious, this was a woman who secured the Scottish throne and bolstered the position of the Catholic Church in Scotland. Her endless plotting, including a likely involvement in the murder of her husband Lord Darnley, eventually led to her flight from Scotland and imprisonment by her equally ambitious cousin and fellow queen, Elizabeth of England. And yet when Elizabeth ordered her unpredictable rival and kinswoman to be beheaded in 1587 she did so in resigned frustration rather than as act of political wrath.Was the beheading of a cousin truly necessary? Did Mary, though churlish, petulant, and often disloyal, really deserve to forfeit the compassion of her cousin, a woman who from childhood had been her friend and playmate? Mary's fate was to be born to supreme power, but she was totally lacking in the political ability to deal with its responsibilities. This was the tragedy that turned her life into a study in failure. The extraordinary story of Mary, which has inspired the great poets, playwrights, and operatic composers of the 19th and 20th centuries, is one of the most colorful and emotionally searing tales of western history, and is here told by a leading specialist of the 16th century.

**Mary Queen of Scots**

This Whitbread Award-winning biography and basis for the film Mary Queen of Scots starring Saoirse Ronan and Margot Robbie "reads like Shakespearean drama" (The Atlanta Journal-Constitution). "A triumph . . . A masterpiece full of fire and tragedy." --Amanda Foreman, author of Georgiana In the first full-scale biography of Mary Stuart in more than thirty years, John Guy creates an intimate and absorbing portrait of one of history's greatest women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Queen of Scots as a romantic leading lady—achieving her ends through feminine wiles—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy's pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. Queen of Scots is an enthralling, myth-shattering look at a complex woman and ruler and her time. "The definitive biography . . . Gripping . . . A pure pleasure to read." --The Washington Post Book World "Reads like Shakespearean drama, with all the delicious plotting and fresh writing to go with it." --The Atlanta Journal-Constitution

From the New York Times bestselling author of Becoming Queen Victoria, a new history of Mary Queen of Scots and Elizabeth I that reveals how the most important relationship of their life—their friendship—changed them forever. Elizabeth and Mary were cousins and queens, but eventually it became impossible for them to live together in the same world. This is the story of two women struggling for supremacy in a man's world, when no one thought a woman could govern. They both had to negotiate with men—those who wanted their power and those who wanted their bodies—who were determined to best them. In their worlds, female friendship and alliances were unheard of, but for many years theirs was the only friendship that endured. They were as fascinated by each other as lovers; until they became enemies. Enemies so angry and broken that one of them had to die, and so Elizabeth ordered the execution of Mary. But first they were each other's lone female friends in a violent man's world. Their relationship was one of love, affection, jealousy, antipathy—and finally death. This book tells the story of Mary and Elizabeth as never before, focusing on their emotions and probing deeply into their intimate lives as women and queens. They loved each other, they hated each other—and in the end they could never escape each other.

In England, November 5 is Guy Fawkes Day, when fireworks displays commemorate the shocking moment in 1605 when government authorities uncovered a secret plan to blow up the House of Parliament--and King James I along with it. A group of English Catholics, seeking to unseat the king and reintroduce Catholicism as the state religion, daringly placed thirty-six barrels of gunpowder in a cellar under the Palace of Westminster. Their aim was to ignite the gunpowder at the opening of the Parliamentary session. Though the charismatic Catholic, Robert Catesby, was the group's leader, it was the devout Guy Fawkes who emerged as its most famous member, as he was the one who was captured and who revealed under torture the names of his fellow plotters. In the aftermath of their arrests, conditions grew worse for English Catholics, as legal penalties against them were stiffened and public sentiment became rabidly intolerant. In a narrative that reads like a gripping detective story, Antonia Fraser has untangled the web of religion, politics, and personalities that surrounded that fateful night of November 5. And, in examining the lengths to which individuals will go for their faith, she finds in this long-ago event a reflection of the religion-inspired terrorism that has produced gunpowder plots of our own time.
