Anyone has recent knowledge
or info on the Mercruiser
Diesel D-Tronic 4.2L 250 HP?
Every time I search for
information on these engines
on the Internet I get
messages, forums, etc from
2007, 2008, etc. Both my
engines are having exactly
the same problem, when you
start them they accelerate
by themselves all the way to
WOT and then they stop.
