Out of the Black, Odyssey One (Book 4) by Evan Currie. Out of the Black is a metaphor for what happens in the story as a whole. The book is simply a continuation of the events begun in Home-world book 3 of the series. This is the battle for Earth in all its bloody glory. The story delivers on several fronts.

Odyssey, epic poem in 24 books traditionally attributed to the ancient Greek poet Homer. The poem is the story of Odysseus, king of Ithaca, who wanders for 10 years (although the action of the poem covers only the final six weeks) trying to get home after the Trojan War. Learn more about the Odyssey.

Odyssey | Summary, Characters, & Facts | Britannica  
Good parables explain themselves. After you have read the story of Lazarus in the Bible, you don't need anyone to explain it to you. The same is true, I believe, of Stanley Kubrick's parable "2001: A Space Odyssey." It contains the answers to all the questions it advances.

There's never been a cruise ship that makes out memory making like Odyssey of the Seas👁️. Whether you're taming waves on the FlowRider®, kicking back at the totally reimagined pool deck, savoring bold global flavors onboard, or turning up the party vibes late at night — you'll never run out of things to do onboard Odyssey of the Seas👁️.

Deep in blackest space, the Drasin have watched humanity's journey to the stars—and determined that a species as barbaric as ours has no place in the cosmos. The wreckage of the starship Odyssey, once Earth's greatest guardian, lies strewn across New York City. Abandoned by all but its captain, Odyssey's sacrifice covered the withdrawal of countless troops as the Drasin assault ravaged the planet. When Captain Eric Weston finally emerges from the rubble, impossibly alive thanks to the mysterious "Gaia," he knows with the Drasin it's kill or be killed. But not all of the heavens have proven hostile. The Priminae have felt the full brunt of Drasin aggression on their own home world, and they won't leave humanity to face annihilation alone. Together with what's left of the crews of the Odyssey and other starships, they race to join Weston and his group of Earth-bound survivors for a desperate last stand. The final battle of the Drasin War brings bestselling author Evan Currie's Odyssey One series to its shattering conclusion.

This classic work of scholarship and empathy tells the story of the self-creation of the African-American people. It assesses the full impact of the Middle Passage -- "the most traumatizing mass human migration in modern history" -- and of North American slavery both on the enslaved and on those who enslaved them. It explores the ways in which a nominally free society perverted its own freedoms and denied the fact that an inhuman institution lies at the heart of the American experience. The authority and eloquence of this work make it essential reading for all who want to understand the American past and present.

"Beyond the confines of our small world, far from the glow of our star, lies a galaxy and universe much larger and more varied than anyone on Earth can possibly imagine. For the new NAC spacecraft Odyssey and her crew, the unimaginable facets of this untouched world are about to become reality. The Odyssey's maiden voyage is an epic adventure destined to make history. Captain Eric Weston and his crew, pushing past the boundaries of security, encounter horrors, wonders, monsters, and people, all of which will test their resolve, challenge their abilities, and put in sharp relief what is necessary to be a hero. A first-rate military science fiction epic that combines old-school space opera and modern storytelling, Into the Black: Odyssey One is a riveting, exhilarating adventure with vivid details, rich mythology, and relentless pacing"--P. [4] of cover.

After the death of his wife, Matt Caine's in-laws threaten to take custody of his daughter Anna, which leads Matt to the desperate situation of trusting the wrong person to help with the situation.

An account of slavery in America traces the shared experiences of thousands of Africans and their descendents in their bleak New World and places the slave experience at the heart of American history

Abandoned by her teenage mother in 1954 to a overwhelmingly white charity organization so begins Theresa's life as a 'ward of the state' of New York. She shares the heartbreaking struggle to survive in a foster care system where children's welfare often seemed the lowest priority.

Sample Text

"Being the second voyage of the NACS odyssey."

Spirit and Soul: Odyssey of a Black Man in America, Volume One, an engaging, edifying autobiography by Theodore Kirkland, offers critical insight and politically cognizant commentary on the past, future and real-time reality of race relations in America. His long career in law enforcement some 39 years total as a military police officer, Buffalo police officer, New York State parole board commissioner and adjunct professor begins by happenstance in the Air Force. Instead of being sent to gunnery school as he requested, he is ordered to report to the Army Military Police Academy in Camp Gordon, Georgia. Kirkland's narrative voice in this page turner is clear, self-effacing and relentlessly candid unapologetic for the black and white of his experience, and cautionary in his instruction for navigation through the gray. Yet in every syllable, there is a remarkable, palpable love for his family, friends and community and unyielding commitment to upholding the Constitutional promise that "all men are created equal." Spirit and Soul: Odyssey of a Black Man in America, Volume One is at once witty and wise, poignant, wistful and meticulously illustrative of an American perspective too often shadowed by stereotypes that contend that Black men contribute primarily to the prison population. It also is an important chronology of the evolution of African American life and experience from Jim Crow to contemporary "Post-racial America."
