pioneer dvr lx60. Overall another good DVD recorder from pioneer. Picture quality is excellent and most control features you can follow after time with the machine. The mark down for me was the poor plastic front facia, unlike pioneer in the past. Also I think the remote is too big and clumsy, not sharp and friendly like in the past.

Irish sportswomen have been breaking the mould for a very, very long time. In 1956, Maeve Kyle became our first female Olympian, and in 1978 rally driver Rosemary Smith broke the country 's land-speed record! Through the 1990s and 2000s we had world champions in Sonia O ' Sullivan, Derval O ' Rourke and Olive Loughnane, and more recently, the fantastic Katie Taylor, Kellie Harrington and Annalise Murphy have been among those who have put Irish sportswomen on the map. This book breaks the mould once more, as a first ever compendium of stories for children about our best contemporary sportswomen. With a fairytale touch, RT 's Jacqui Hurley tells the stories of women who have proved that being a girl is not a barrier to sporting success. Each story is one of overcoming big challenges, and the role models celebrated here are sure to inspire the next generation of Irish sportswomen. Featuring twenty-five dazzling athletes, and with delightful drawings by five wonderful female Irish illustrators, *Girls Play Too* is a celebration of some of our brightest and best sporting stars, and of all that you can achieve if you try your best and never give up on your dreams.

“ Essential reading for COVID times. . . . The tool we all need right now: a smart, straightforward guide that speaks directly to the question: How can I build a strong immune system? The book is packed with clear, actionable advice for building a strong immune system, losing weight, feeling younger and aging beautifully. ” —Yahoo! Life How you age is up to you. And it 's easy to take charge. From the renowned integrative doctor Frank Lipman comes a radically simple program to reverse the symptoms we reflexively call “ normal aging, ” including feeling achy, stiff, sluggish, weak, and vulnerable to chronic illness. This improves not only our life span but, more importantly, our health span—our quality of life and how we feel. Built on a series of lifestyle changes that energize the body and build and strengthen its immune system, *The New Rules of Aging Well* is based on ancient wisdom backed up by science: Eat less and practice intermittent fasting. Do 20 minutes a day of something meditative. Switch to gentler workouts, but move as much as possible. Unlock the incredible power of mushrooms. Grow your tribe. Walk barefoot when you can. The result: a rejuvenated you that looks great and feels healthy, happy, sexy, agile, and strong.

Emil Ludwig's account of Cleopatra's life is a brilliant psychological study of the Queen and those two men with whom her name remains forever: Caesar and Antonius. Instead of the eccentric amorous, the idiosyncratic author shows us a real and deep lover, a mother, and a fighter.
