The quinto is the smallest and highest pitched type of conga drum. It is used as the lead drum in Cuban rumba styles such as guaguancó, yambú, columbia and guarapachangueo, and it is also present in congas de comparsa. Quinto phrases are played in both triple-pulse and duple-pulse structures. In columbia, triple pulse is the primary structure and duple pulse is secondary. Congas were originally used in Afro-Cuban music genres such as conga (hence their name) and rumba, where each drummer would play a single drum.
