 The DISOMAT ® B weighing terminal has long been the last word in logistics. But now it's gone one step further. The terminal is more efficient, extremely adaptable, highly flexible and sustainable, delivering the very best solution for complex tasks. The DISOMAT® Tersus detailed below has been designed with the future in mind.

DISOMAT® Tersus - Schenck Process
 The basic solution that pays off in legal-for-trade applications. It registers weight values, displays them, prints them out, and forwards them to a higher-level system if desired. The DISOMAT ® Opus offers two housing options, which include a tabletop device and a wall-mounted device both in stainless steel design.

DISOMAT® Opus - Schenck Process
 The DISOMAT® Tersus features greatly increased processing power which makes light work of demanding processes requiring intensive computation. Its wealth of communication options allows it to be easily incorporated in a wide range of current and future data processing and control systems.
