A standalone novel in the Sons of War contemporary military romance series ...Tormented by the loss of his men, Marine Corps Captain Sawyer Mathis returns home to attend a retreat for children who had lost a parent in war. He's forced to spend time with Katya Khavalov, the sister of one of the Marines killed during a firefight under his command. Unafraid of war or death, Sawyer is determined not to let a beautiful woman with a quick temper and broken heart deter him from trying to help her family heal. Fiery yet sweet Katya resents the cool, unflappable commander. He brought one brother back in a box and the other dismembered. She blames him for destroying her family and believes him to be incapable of feeling anything - until she witnesses firsthand the toll the war and deaths are taking on Sawyer. He's suffering, too, and too stubborn to admit it. The longer the two spend together, the more they begin to understand each other. What neither is counting on: the feelings they ignite within each other.

A freak accident landed both of the Khavalov twins under my command just before a routine mission turned into a nightmare. I brough home one twin in a coffin and the other in a coma missing his leg. I did everything right--and still people died. I can't forget that night or how many lives changed. Including mine.

been left to figure out her role within the Immortal community. Tasked by her mate – Fate – to stop the Immortals from imploding, lest demons take down the human world, she struggles to find a way to bring her family and the Immortals together, or at least, to keep them from falling apart. Wynn soon gives her a greater task: she's going to head the Council and lead the Immortals. He's ready to execute the plan he's been nursing for thousands of years, no matter what damage he does in the process. With no mate to guide her, and few allies to call upon, Stephanie chooses to make a deal with the Dark One in order to stop Wynn and save her people. It's all or nothing. Rather, all or Hell.

There's only one rule: Never lock the door Gianna believes manual labor to be penance for the mistake that changed her life. Nothing can be worse than serving probation under the supervision of a bitter, elderly woman, known as the Caretaker, running a bed and breakfast in the middle of the Arizona desert. Then the strangers begin arriving. They appear every night at sundown at the end of the driveway and vanish early in the morning, armed men and women who don't quite look or act normal and never travel in vehicles, despite the property being twenty miles from town. Where they come from baffles Gianna, as does the single rule the Caretaker gives her. The front door must remain unlocked and the house accessible to the dangerous visitors no matter how unusual or frightening they are. When one of them arrives wounded, Gianna helps save him and unknowingly makes a powerful friend, one from a very faraway place. In fact, from another world entirely, the world that starts at the end of the driveway. Before she can learn more, Gianna is left alone with the strangers and must choose whether she'll take over the Caretaker's role as hostess or return to New York and risk jail time for violating her probation. Gianna defies the Caretaker and locks the front door instead. Her world will never be the same. Includes both novellas.

Sequel to "Kiera's Moon." Includes the novelette, "Kiera's Home" Kiera accompanies A'Ran to the toxic surface of Anshan to assess just how bad things are and whether or not she really can help the damaged planet heal. When she returns, she is faced with a larger challenge, one that threatens her newfound life and home, one too terrible to reveal to A'Ran, who has placed his hope and that of his people in her. Together, they must find a way to restore Anshan's life force, before it's too late to save the planet – and Kiera.

The past is waiting. Josie Jackson is whisked further into the past, to the era of Vikings and the (almost) eternal winters of Norway. Carter, the mastermind behind her foray through time, reveals that she'll be remaining there for six years – assuming she survives the first winter. To complicate matters, Josie has an unexpected health condition, one that threatens her life more than the frigid cold, Viking raids and wild animals. After un-creating Taylor and leaving Batu in the Mongol era, Josie wants nothing to do with any other man, especially not the Viking warrior she's engaged to shortly after dropped into a fjord in front of his village. Not everyone is as he seems in this era, from her reluctant new husband, to the mystic – scorned by the rest of the village – whose futuristic visions are too

accurate to be divine, to Carter, the evil genius who's tormented her through three eras of history. When she finally learns the truth behind why he chose her, she understands too well what the stakes of this game really are.

Caught between Fate and the Dark One ... Stuck in Hell, human-Deidre struggles to hold onto her hope that she can change the course of events that landed her as the mate of Darkyn, the Dark One. The chances of her leaving Hell plummet when the Dark One takes a drastic step to ensure he never loses his latest possession and blood binds her in an ancient rite from the time-before-time. In doing so, he is forced to share his power with her. Rather than despair, she begins to see that she has unexpectedly found her place in the world: protecting innocent souls from the bloodlust of the demon she's forever bound to. Rather than accept her place at his side docilely, she begins to use her newfound influence to help those she cares about, including Gabriel, the former lover she's not yet ready to let go of, even knowing she'll never leave Hell.
