1855. Jane Eyre appeared in 1847 and was followed by Shirley (1848) and Vilette (1853). In 1854, Charlotte Brontë married her father's curate, Arthur Bell Nicholls. She died during her pregnancy on March 31, 1855, in Haworth, Yorkshire.

Shirley by Charlotte Bronte:

9780679640097 ...

Charlotte Bronte had a dust-up with her publisher over his praise of Jane Austen. Charlotte had some negative thoughts about Austen and was not shy in expressing them. After listening to this story, I now wonder if she wasn't influenced a bit after all. The Charlotte who wrote Jane Eyre and the one who wrote Shirley seem to be different writers.

Read PDF Shirley Charlotte Bronte

Widely regarded as Charlotte Brontë's 'sophomore slump', Shirley is a tricky book to pin down and is the least known of Charlotte's novels and possibly of the Brontë canon as a whole. Despite its oddities, I found much to enjoy and appreciate – Shirley may be a strange creature, but an interesting one nonetheless.

The Shirley of the title is a woman of independent means; her friend Caroline is not. Both struggle with what a woman's role is and can be. Their male counterparts - Louis, the powerless tutor, and Robert, his cloth-manufacturing brother - also stand at odds to society's expectations. The novel is set in a period of social and political ferment, featuring class disenfranchisement, the drama of

Luddite machine-breaking, and the divisive effects of the Napoleonic Wars.

Struggling manufacturer Robert Moore has introduced labour saving machinery to his Yorkshire mill, arousing a ferment of unemployment and discontent among his workers. Robert considers marriage to the wealthy and independent Shirley Keeldar to solve his financial woes, yet his heart lies with his cousin Caroline, who, bored and desperate, lives as a dependent in her uncle's home with no prospect of a career. Shirley, meanwhile, is in love with Robert's brother, an impoverished tutor - a match opposed by her family. As industrial unrest builds to a potentially fatal pitch, can the four be reconciled? Set during the Napoleonic wars at a time of national economic struggles, Shirley (1849) is an unsentimental, yet passionate depiction of conflict between classes, sexes

name."

These two classic novels, together with Brontë's well-known *Jane Eyre* and *Villette*, comprise a magnificent oeuvre, each one a singular achievement of characterization, human understanding, and narrative elegance and drama. *Shirley* is the story of a complicated friendship between two very different women: shy and socially constrained Caroline, the poor niece of a tyrannical clergyman; and the independent heiress Shirley, who has both the resources and the spirit to defy convention. The romantic entanglements of the two women with a local mill owner and his penniless brother pit the claims of passion against the boundaries of class and society. *The Professor*—the first novel Brontë completed, the last to be published—is both a disturbing love story and the coming-of-age tale of a self-made

man. At its center is William Crimsworth, who has come to Brussels to work as an instructor in a school for girls. When he becomes entangled with Zora Reuter, a charismatic and brilliantly intellectual woman, the fervor of her feelings threatens both her own engagement and William's chance of finding true love.

Featuring an appendix of discussion questions, the Diversion Classics edition is ideal for use in book groups and classrooms. Written amidst great personal tragedy in Charlotte Bronte's life, her second novel after *Jane Eyre* looks toward a complicated, but brighter future. Set in a rapidly industrializing England in a time of social and economic unrest, *Shirley* bridges two very different worlds. Caroline Helstone, reeling from the loss of her father, abandoned by her mother, has been doomed to a life of poverty. To make

matters worse, the only man she has feelings for, Robert Moore, must marry into wealth or risk losing his family mill. Robert proposes to Shirley, a woman set free by her inheritance and newly-found wealth and independence. The path towards matrimony winds as people seek happiness and enlightenment on the dawn of an exciting—and anxious—tomorrow. Part compelling romance, part searing social commentary, *Shirley*, following the tremendous success of *Jane Eyre*, is a revolutionary novel.

Against a background of English moors in the eighteenth century, the lives of two families become intertwined through marriage, passion, and the dominating force of a man called Heathcliff.
