Soldier Five. Soldier Five - The Real Truth About the Bravo Two Zero Mission is the third book about the Bravo Two Zero mission during the Gulf War to have been written by a member of the eight-man patrol involved. It is published under the pseudonym "Mike Coburn", but the author is the member referred to as "Mark the Kiwi" in other accounts. It is more critical of the command structure than other accounts had been and the book was only published after a lengthy and expensive series of ...

the Gulf War. As a member of the Special Forces patrol now famously known by its call sign Bravo Two Zero, he and seven others were inserted hundreds of kilometres behind enemy lines. Their mission was to reconnoitre targets, undertake surveillance of Scud missile sites and sabotage Iraqi communications links, but was to end in desperate failure. From the outset the patrol was dogged by problems that contributed both directly and indirectly to the demise of the mission. The patrol's compromise, and subsequent attempts to evade Iraqi troops, resulted in four members of Bravo Two Zero being captured and a further three killed. One escaped. But the story goes further than the Gulf War itself. Despite numerous books, films and articles on the same subject, the British Government has done its utmost to thwart the release of Soldier Five, at one stage claiming the book in its entirety was confidential. A campaign of harassment that took some four-and-a-half years of litigation to resolve has now resulted in this explosive publication. SOLDIER FIVE is a gripping and suspenseful account of one man's experiences as a Special Forces soldier. Revealing his conflicts, loyalties and relationships forged, it is the resolution of a soldier's determined fight to see his story told.

Falklands War, and in the Gulf campaign. From his early days in the Paras to his time as Regimental Sergeant-Major in the Gulf, he has lived and fought by the motto 'Who Dares Wins'. Eye of the Storm is his insider's account of that exceptional career. Fastpaced, earthy, dramatic, funny, occasionally disturbing, it is laced with firsthand descriptions of ferocious and bloody fighting, sudden death and incredible heroism, and peopled with a cast of extraordinary individuals. Beyond that, however, it corrects many of the distortions and exaggerations of other books, and explodes several long-standing myths about the Regiment. Here - at last - is the authentic voice of the SAS. and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Private First Class Jessica Lynch tells of her life in Palestine, West Virginia and recounts the details of her capture, imprisonment, and dramatic rescue during the Iraq War.

The British Army's SAS--the Special Air Service--is recognized as one of the world's premier special operations units. During the Gulf War, deep behind Iraqi lines, an SAS team was compromised. A fierce firefight ensued, and the eight men were forced to run for their lives. Only one, Chris Ryan, escaped capture--by walking nearly 180 miles through the desert for a week. *The One That Got Away* is his breathtaking story of extraordinary courage under fire, of narrow escapes, of highly trained soldiers struggling against the most adverse of conditions, and, above all, of one man's courageous refusal

A searing, beautifully told memoir by a Native American doctor on the trials of being a doctor-soldier in the Iraq War, and then, after suffering a stroke that left his life irrevocably changed, his struggles to overcome the new limits of his body, mind, and identity. Every juncture in Jon Kerstetter's life has been marked by a crossing from one world into another: from civilian to doctor to soldier; between healing and waging war; and between compassion and hatred of the enemy. When an injury led to a stroke that ended his careers as a doctor and a soldier, he faced the most difficult crossing of all, a recovery that proved as shattering as war itself. Crossings is a memoir of an improbable, powerfully drawn life, one that began in poverty on the Oneida Reservation in Wisconsin but grew by force of will to encompass a remarkable medical practice. Trained as an emergency physician, Kerstetter's thirst for intensity led him to volunteer in war-torn Rwanda, Kosovo, and Bosnia, and to join the Army National Guard. His three tours in the Iraq War marked the height of the American struggle there. The story of his work in theater, which involved everything from saving soldiers' lives to organizing the joint U.S.-Iraqi forensics team tasked with identifying the bodies of Saddam Hussein's sons, is a bracing, unprecedented evocation of a

doctor's life at war. But war was only the start of Kerstetter's struggle. The stroke he suffered upon returning from Iraq led to serious cognitive and physical disabilities. His years-long recovery, impeded by near-unbearable pain and complicated by PTSD, meant overcoming the perceived limits of his body and mind and reimagining his own capacity for renewal and change. It led him not only to writing as a vocation but to a deeper understanding of how healing means accepting a new identity, and how that acceptance must be fought for with as much tenacity as any battlefield victory.

The true story of the most famous SAS operation in history. 'Bravo Two Zero' was the code-name of the famous SAS operation: a classic story of bravery in the face of overwhelming odds. BRAVO TWO ZERO by patrol commander 'Andy McNab' became an international bestseller, as did the book by 'Chris Ryan' (THE ONE THAT GOT AWAY). Both men became millionaires. Three members of the patrol were killed. One, veteran sergeant Vince Phillips, was blamed in both books for a succession of mistakes. As Michael Asher reveals, the stories in BRAVO TWO ZERO and THE ONE THAT GOT AWAY grew considerably in the telling. Their heroic tales of taking out tanks with their rocket launchers, mowing down hundreds of Iraqi soldiers, the silent stabbing of the occasional sentry, were never mentioned at their post-war debriefings... In an

investigation literally in the footsteps of the patrol, Michael Asher tells the true story.

Their mission: To take out the scuds. Eight went out. Five came back. Their story had been closed in secrecy. Until now. They were British Special Forces, trained to be the best. In January 1991 a squad of eight men went behind the Iraqi lines on a top secret mission. It was called Bravo Two Zero. On command was Sergeant Andy McNab. "They are the true unsung heroes of the war." -- Lt. Col. Steven Turner, American F-15E commander. Dropped into "scud alley" carrying 210-pound packs, McNab and his men found themselves surrounded by Saddam's army. Their radios didn't work. The weather turned cold enough to freeze diesel fuel. And they had been spotted. Their only chance at survival was to fight their way to the Syrian border seventy-five miles to the northwest and swim the Euphrates river to freedom. Eight set out. Five came back. "I'll tell you who destroyed the scuds -- it was the British SAS. They were fabulous." -- John Major, British Prime Minister. This is their story. Filled with no-holds-barred detail about McNab's capture and excruciating torture, it tells of men tested beyond the limits of human endurance... and of the war you didn't see on CNN. Dirty, deadly, and fought outside the rules.

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the

world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement."—The Boston Globe

Rome's Vengeance In the year A.D. 9, three Roman Legions under Quintilius Varus were betrayed by the Germanic war chief, Arminius, and destroyed in the forest known as Teutoburger Wald. Six years later Rome is finally ready to unleash Her vengeance on the barbarians. The Emperor Tiberius has sent his adopted son, Germanicus Caesar, into

Germania with an army of forty-thousand legionaries. They come not on a mission of conquest, but one of annihilation. With them is a young legionary named Artorius. For him the war is a personal vendetta; a chance to avenge his brother, who was killed in Teutoburger Wald. In Germania Arminius knows the Romans are coming. He realizes that the only way to fight the legions is through deceit, cunning, and plenty of well-placed brute force. In truth he is leery of Germanicus, knowing that he was trained to be a master of war by the Emperor himself. The entire Roman Empire held its collective breath as Germanicus and Arminius faced each other in what would become the most brutal and savage campaign the world had seen in a generation; a campaign that could only end in a holocaust of fire and blood.
