A 2015 William C. Morris YA Debut Award Finalist Magical realism, lyrical prose, and the pain and passion of human love haunt this hypnotic generational saga. Foolish love appears to be the Roux family birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava - in all other ways a normal girl - is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others. Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava's quest and her family's saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human.

Born with bird wings into a family cursed to be foolish in love, sixteen-year-old Ava delves into her family's past hoping to understand her unusual nature and learn to fit in with her peers, but she is ill-prepared for what she discovers.

Ava Lavender tells the story of her young life starting with her birth in 1944 Seattle, Washington, where she was born with wings.

From the author of *The Strange and Beautiful Sorrows of Ava Lavender* comes a haunting maelstrom of magic and murder in the lush, moody Pacific Northwest. When Rona Blackburn landed on Anathema Island more than a century ago, her otherworldly skills might have benefited friendlier neighbors. Guilt and fear instead led the island's original eight settlers to burn "the witch" out of her home. So Rona cursed them. Fast-forward one hundred-some years: All Nor Blackburn wants is to live an unremarkable teenage life. She has reason to hope: First, her supernatural powers, if they can be called that, are unexceptional. Second, her love life is nonexistent, which means she might escape the other perverse side effect of the matriarch's backfiring curse, too. But then a mysterious book comes out, promising to cast any spell for the right price. Nor senses a storm coming and is pretty sure she'll be smack in the eye of it. In her second novel, Leslye Walton spins a dark, mesmerizing tale of a girl stumbling along the path toward self-acceptance and first love, even as the *Price Guide's* malevolent author - Nor's own mother - looms and threatens to strangle any hope for happiness.

The Palomas and the Corbeaus have been locked in an escalating feud for over a generation. Both families make their living as travelling performers in competing shows - the Palomas swimming in mermaid exhibitions, the Corbeaus, former tightrope walkers, performing in the tallest trees they can find. Luce Paloma knows as well as anyone that the Corbeaus are pure black magic. Simply touching one could mean death, and she's been taught from birth to keep away. But when disaster strikes the small town where both families are performing, it's a Corbeau boy, Cluck, who saves Luce's life. His touch immerses her in the world of the Corbeaus, where falling for him could turn his own family against him, and one misstep can be just as dangerous on the ground as it is in the trees.

"Linnet waited with her eyes closed for the door to open and her mother to peek in. Waited for her to touch Linnet's shoulder blades lightly...Linnet knew that touch in her bones, as if it had happened every night of her life. An imprint, a memory of the skin itself." So begins this startling first novel about an eleven-year-old girl who suddenly begins to grow wings -- wings with soft Auburn feathers, which only at first can be hidden with long hair and loose clothes. Funny, sad, and hopeful, this remarkable story captures a girl's shock at feeling alone in life, as it follows her journey to answer a most important question: how can a girl with wings ever fit into the world?

Magic passed down through generations. An island where strange things happen. One summer that will become legend. Practical Magic meets Nova Ren Suma's *Imaginary Girls* and Laura Ruby's *Bone Gap* in this lush, atmospheric novel by acclaimed author Katrina Leno. Georgina Fernweh waits impatiently for the tingle of magic in her fingers-magic that has touched every woman in her family. But with her eighteenth birthday looming at the end of this summer, Georgina fears her gift will never come. Over the course of her last summer on the island-a summer of storms, falling in love, and the mystery behind one rare three-hundred-year-old bird-Georgina will learn the truth about magic, in all its many forms. Praise for Katrina Leno: "Leno's writing is flawless. Readers of all ages will find themselves swept away." --VOYA "Charming and sophisticated." --Kirkus "Crackles with wit, humor, and enormous love."--Booklist (starred review) "Introduces a fierce new presence."--Publishers Weekly (starred review)

Unable to recover from her husband Max's death three years earlier, Shelley is astonished when a man who identifies himself as Max's grandson shows up and claims that Max is still alive, a revelation that prompts an international search for answers.

In a fantastical post-industrial desert, fifteen-year-old Boetema suddenly develops the ability to astral project to other planets while she sleeps. When she accidentally gets a young man hurt on a planet light-years away, she must figure out a way to project back to save him. On her own world, Boetema's two parents have temporarily left her and her thirteen-year-old brother, Inotu, to make a living as salt shepherds. Left to their own devices, the two siblings must flee across a dangerous desert when Inotu gets into trouble with a threatening cyborg bodyguard. As Boetema visits amazing planets and encounters vibrant cultures, she must confront her mistakes and learn to trust in Inotu as she navigates her newfound abilities.

What if you could make someone love you back, just by singing to them? Fans of Sarah McCarry's *All Our Pretty Songs* and Leslye Walton's *The Strange and Beautiful Sorrows of Ava Lavender* will be captivated by this contemporary love story with hints of magical realism. Hanging out with Chris was supposed to make Lorelei's life normal. He's cooler, he's older, and he's in a band, which means he can teach her about the music that was forbidden in her house growing up. Her grandmother told her when she was little that she was never allowed to sing, but listening to someone else do it is probably harmless-right? The more she listens, though, the more keenly she can feel her own voice locked up in her throat, and how she longs to use it. And as she starts exploring the power her grandmother never wanted her to discover, influencing Chris and everyone around her, the foundations of Lorelei's life start to crumble. There's a reason the women in her family never want to talk about what their voices can do. And a reason Lorelei can't seem to stop herself from singing anyway. "Zan Romanoff's music-saturated debut will snare readers with its melodic, pop-punk hooks and elegant riffs on growing up, falling in love, and letting go." --Sarah McCarry, author of *All Our Pretty Songs* "Family secrets, first love, and the elemental, raw power of music are all on display in Zan Romanoff's gorgeous novel. *A Song To Take the World Apart* gives us a heroine who's as fierce as she is vulnerable, and a story that's as page-turning as it is profound. An enchanting and beautiful debut." Edan Lepucki, *New York Times* bestselling author of *California*
