This beloved celebration of individuality is now an original movie on Disney+! A modern-day classic and New York Times bestseller from Newbery Medalist Jerry Spinelli. Stargirl. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. "Spinelli has produced a poetic allegorical tale about the magnificence and rarity of true nonconformity." -- The New York Times

Affordable, versatile, portable, and popular once again, the ukulele is an ideal instrument for lifelong music making that can also be an engaging component of school music programs. At the elementary or secondary level, students can use the ukulele to explore everything from music theory, improvisation, composition, and ear training, to repertoire that includes contemporary popular music. At a lesser expense than any other instrument which can do as much, the ukulele is perfect for breathing fresh air into any music program. Uke Can Do It provides everything music educators need to develop a ukulele program in their school, including: * A guide for first-time ukulele buyers * Beginner instruction in how to play the ukulele * Playlists of ukulele music by top performers * Strategies for proposing and outfitting a ukulele program * Classroom management tips * Support for use with special learners * Learning sequences in ukulele technique * Ideas for classroom use and performance * Scales and chord charts with fingering

In 1954 the Supreme Court decided Brown v. Board of Education; ten years later, Congress enacted the Civil Rights Act. These monumental changes in American law dramatically expanded educational opportunities for racial and ethnic minority children across the country. They also changed the experiences of white children, who have learned in increasingly diverse classrooms. The authors of this commemorative volume include leading scholars in law, education, and public policy, as well as important historical figures. Taken together, the chapters trace the narrative arc of school desegregation in the United States, beginning in California in the 1940s, continuing through Brown v. Board, the Civil Rights Act, and three important Supreme Court decisions about school desegregation and voluntary integration in 1974, 1995, and 2007. The authors also assess the status of racial and ethnic equality in education today and consider the viability of future legal and policy reform in pursuit of the goals of Brown v. Board. This remarkable collection of voices in conversation with one another lays the groundwork for future discussions about the relationship between law and educational equality, and ultimately for the creation of new public policy. A valuable reference for scholars and students alike, this dynamic text is an important contribution to the literature by an outstanding group of authors.

Who are the girls that helped build America? Conventional history books shed little light on the influence and impact of girls' contributions to society and culture. This oversight is challenged by Girl Museum and their team, who give voices to the most neglected, yet profoundly impactful, historical narratives of American history: young girls. Exploring American Girls' History through 50 Historic Treasures showcases girls and their experiences through the lens of place and material culture. Discover how the objects and sites that girls left behind tell stories about America that you have never heard before. Readers will journey from the first peoples who called the continent home, to 21st century struggles for civil rights, becoming immersed in stories that show how the local impacts the global and vice versa, as told by the girls who built America. Their stories, dreams, struggles, and triumphs are the centerpiece of the nation's story as never before, helping to define both the struggle and meaning of being "American." This full-color book is a must-read for those who yearn for more balanced representation in historic narratives, as well as an inspiration to young people, showing them that everyone makes history. It includes color photographs of all the treasured objects explored.
