This basic cosmobiology textbook was first printed in Germany (1949) under the title The 90° Dial in Practice. It has since had additions and improvements. Written by the acknowledged master, cosmobiology takes the fundamentals of the basic horoscope one step further by condensing the wheel to 90° by placing the planets into their groups of cardinal, fixed and mutable. The analysis then becomes very simplified, yet with details that are astounding. Explained are the methods, interpretations, use of solar arc directions, graphic ephemeris and more. See for yourself how using cosmobiology makes astrology become a quicker and more useful tool.

Reinhold Ebertin's first edition of this book was revised and updated in 1974 and contains a treasure of information on comparative charts for marriage. This detailed textbook presents numerous examples of the relationship between the cosmos, man and marital compatibility. Keys are given on how to recognize whether a cosmic marriage will develop harmoniously or not. Rules of comparative analysis and significant aspects include the Ascendant, Midheaven and Moon's Node. Most of the examples are given using the traditional delineation of chart connections, however midpoints and the use of Ebertin's 90 degree wheel in Cosmobiology are given as well.

Since the 1st edition of this book was published in 1991, it has been a widely used reference book for many astrologers and their students who have recognized the value and importance in horoscope interpretation of the midpoints--the halfway point between any two planets or a planet and a highly significant point such as Midheaven, Ascendant or the north or south Node of the Moon. The format of this edition is very similar to the first edition, but you will find that the author has updated the interpretive text, so do read it carefully...and if you have not used midpoints routinely before, you will soon realize how significant they can be in chart interpretation! Following are a few comments from well-known astrologers familiar with the first edition and midpoint techniques.

This book is four books in one: Horoscope Interpretation Outlined, Introduction to Locality Astrology, Parallels: Their Hidden Meaning, & The Technique of Rectification. These significant works include information on the Vertex, basic chart reading, three methods of shifting locality,

the secret power of parallels & how to rectify the birth time.

We like to think we are sensible beings who base our actions on conscious decisions. The fact is, all of us are subject to the occasional irrational impulse, the "wild hair" that surprises us and those around us. Usually, this is not a big problem -- in fact, it can act as a safety valve for our creative abilities and a check against unnecessary self-restriction. But it's not so healthy when we find ourselves driven by compulsions and obsessions that seem to take over our lives and consume our attention and energy. How can we discover the origins of these forces? Can we turn them into something constructive? Astrology provides a key to these questions in the quindecile. This newly researched 165-degree aspect of hidden driving forces is thoroughly explored in these pages by an experienced astrologer and mental health professional. Numerous chart examples support the analysis of the quindecile in natal, transit, progressed, and synastry horoscopes. A full set of delineations and interpretations lets you quickly add this illuminating factor to your understanding of any chart. In these pages, you will explore: * The psychological dynamics of obsession-compulsion * Planetary dynamics by sign, element, and triplicity * The quindecile in nats, progressions, transits, and synastry * A full reference section of interpretations and delineations * Numerous chart examples of well-known people You will find that The Quindecile not only points out the nature of inner compulsions, but also suggests ways to transform them into constructive, creative activities and projects. 'A brilliant, breathless thriller that kept me guessing to the last shocking page'--Erin Kelly, Sunday Times bestselling author of He Said/She Said A vicious assault. A devastating accusation. Who should she trust, her husband or her best friend? It was supposed to be the perfect reunion: six university friends together again after twenty years. Host Ali finally has the life she always wanted, a career she can be proud of and a wonderful family with her college boyfriend, now husband. But that night her best friend makes an accusation so shocking that nothing will ever be the same again. When Karen staggers in from the garden, bleeding and traumatised, she claims that she has been assaulted--by Ali's husband, Mike. Ali must make a split-second decision: who should she believe? Her horrified husband, or her best friend? With Mike offering a very different version of events, Ali knows one of them is lying--but which? And why? When the ensuing chaos forces her to re-examine the golden era the group shared at university, Ali realises there are darker memories too. Memories that have lain dormant for decades. Memories someone would kill to protect.

A professional astrologer offers an easy approach to midpoints, which add nuance, detail, and depth to astrological interpretations, helping individuals uncover exciting characteristics that will enrich their overall interpretation. Original.
