The Gate is a marvelous non-fiction story that reads like a novel. It covers the pre-Pol Pot era, the beginning and eventual "liberation" of Cambodia, and its aftermath, from the perspective of a Frenchman immersed and wedded to the Cambodian culture. The book is all the more meaniniful if you have been in Cambodia.

The Gate, Bizot, Francois: 9780375727238: Amazon.com: Books

The Gate is Francois Bizot's account of his experience with the Khmer Rouge: of his own imprisonment (supervised by the now-notorious Duch) and, a few years later, of his struggle to assist those who were caught in the crossfire of the Khmer Rouge's "liberation" of Phnom Penh.

In 1971 a young French ethnologist named Francois Bizot was taken prisoner by forces of the Khmer Rouge who kept him chained in a jungle camp for months before releasing him. Four years later Bizot became the intermediary between the now victorious Khmer Rouge and the occupants of the besieged French embassy in Phnom Penh, eventually leading a desperate convoy of foreigners to safety across the Thai border. Out of those ordeals comes this transfixing book. At its center lies the relationship between Bizot and his principal captor, a man named Douch, who is today known as the most notorious of the Khmer Rouge ' s torturers but who, for a while, was Bizot ' s protector and friend. Written with the immediacy of a great novel, unsparing in its understanding of evil, The Gate manages to be at once wrenching and redemptive.

The author of the acclaimed memoir The Gate now gives us a mesmerizing account of his personal relationship with one of the most infamous torturers of the twentieth century, and of his transformative experience observing and participating in that man ' s recent trial for war crimes. In 1971, Fran çois Bizot was researching Khmer pottery and Buddhist ritual in rural Cambodia when, along with two Cambodian assistants, he was arrested by Communist guerrillas on suspicion of being an American spy. In captivity, Bizot would establish an unlikely rapport with his interrogator, Comrade Duch, a twenty-nine-year-old former math teacher, now commander of the jungle encampment. After many long conversations, Duch would become convinced of Bizot ' s innocence, ... finally deciding to release his prisoner against the wishes of his superiors, including one Saloth Sar—the future Pol Pot. And so it was on Christmas Day 1971 that Bizot was allowed to depart the camp but obliged to leave his assistants behind. In 1999, Bizot would hear of the arrest of the " butcher of Tuol Sleng. " This was the nom de guerre that Comrade Duch had earned after releasing Bizot and proceeding to exterminate some ten thousand Cambodians, including Bizot ' s assistants, Lay and Son. Duch ' s unexpected capture after years in hiding presented Fran çois Bizot with his first opportunity to confront the man who ' d held him captive for three months and whose strange sense of justice had resulted in Bizot ' s being the only Westerner to survive imprisonment by the Khmer Rouge. The arrest also forced Bizot to confront a paradox: How could the man who ' d been his savior have become one of the most monstrous perpetrators of the Cambodian genocide? Taking part in the trial as a witness, with Duch the sole defendant, would return Bizot to the heart of darkness. This is the testimony of what he discovered—about the torturer and about himself—on that harrowing journey.

Between 1970 and 1975 Jon Swain, the English journalist portrayed in David Puttnam's film, The Killing Fields, lived in the lands of the Mekong river. This is his account of those years, and the way in which the tumultuous events affected his perceptions of life and death as Europe never could. He also describes the beauty of the Mekong landscape - the villages along its banks, surrounded by mangoes, bananas and coconuts, and the exquisite women, the odours of opium, and the region's other face - that of violence and corruption.

During the Khmer Rouge's brutal reign in Cambodia during the mid-to-late 1970s, a former math teacher named Duch served as the commandant of the S-21 security center, where as many as 20,000 victims were interrogated, tortured, and executed. In 2009 Duch stood trial for these crimes against humanity. While the prosecution painted Duch as evil, his defense lawyers claimed he simply followed orders. In Man or Monster? Alexander Hinton uses creative ethnographic writing, extensive fieldwork, hundreds of interviews, and his experience attending Duch's trial to create a nuanced analysis of Duch, the tribunal, the Khmer Rouge, and the after-effects of Cambodia's genocide. Interested in how a person becomes a torturer and executioner as well as the law's ability to grapple with crimes against humanity, Hinton adapts Hannah Arendt's notion of the "banality of evil" to consider how the potential for violence is embedded in the everyday ways people articulate meaning and comprehend the world. Man or Monster? provides novel ways to consider justice, terror, genocide, memory, truth, and humanity.

As the major geopolitical power bloc, Asia - with 4 billion people, two-thirds of the world's population, a huge land-mass and the fastest-growing economies - has shifted the global political balance. "Empires at War" gives a dramatic narrative account of how 'Modern Asia' came into being. Ranging over the whole of Asia, from Japan to Pakistan, the modern history of this important region is placed in the context of the struggle between America and the Soviet Union. Francis Pike shows that America's domination of post-war Asia was a continuation of a 100-year competition for power in the region. He also argues cogently that, contrary to the largely 'Western-centric' viewpoint, Asian nations were not simply the passive and biddable entities of the superpowers, but had a political development which was both separate and unique, with a dynamic that was largely independent of the superpower conflict. And, in conclusion, the book traces the unwinding of American influence and the end of its Empire - a crucial development in international history which is already having repercussions throughout the world.

This book sketches an outline of Southeast Asian history from earliest times to the present, showing how the diverse political, economic, social, and cultural patterns developed over several thousand years and the role played by the region in the larger world. Approximately one third will be devoted to the centuries before 1500 CE, when civilizations and kingdoms emerged and some Southeast Asians became active in Asian and Pacific maritime trade networks. It discusses the connections to India and China, the great kingdoms such as Angkor, the maritime trade, and the emergence of diverse cultural traditions, including the Theravada Buddhist, Islamic, and Vietnamese realms. Another third covers the period of Western expansion and colonization between 1500 and 1941, when various Western nations began to gradually influence and then reshape the region and Southeast Asians became more deeply involved with world trade. This includes an extensive discussion of the impact of colonialism on Southeast Asian societies, cultures, economies and politics. The final third examines the rise of nationalism and independence movements, decolonization, the wars in Indochina, and the links between past, present, and future.

In this concise and compelling history, Cambodia's past is described in vivid detail, from the richness of the Angkorean empire through the dark ages of the 18th and early-19th centuries, French colonialism, independence, the Vietnamese conflict, the Pol Pot regime, and its current incarnation as a troubled democracy. With energetic writing and passion for the subject, John Tully covers the full sweep of Cambodian history, explaining why this land of contrasts remains an interesting enigma to the international community. Detailing the depressing record of war, famine, and invasion that ha.

The acclaimed novel featuring George Smiley, from the #1 New York Times bestselling author of A Legacy of Spies and The Night Manager, now an AMC miniseries The rules of the game, and of the world, have changed. Old enemies now yield to glasnost and perestroika. The killing shadows of the Cold War are flooded with light. The future is unfathomable. To train new spies for this uncertain future, one must show them the past. Enter the man called Ned, the loyal and shrewd veteran of the Circus. With the inspiration of his inscrutable mentor George Smiley, Ned thrills all as he recounts forty exhilarating years of Cold War espionage across Europe and the Far East—an electrifying, clandestine tour of honorable old knights and notorious traitors, triumph and failure, passion and hate, suspicin, sudden death, and old secrets that haunt us still. Praise for The Secret Pilgrim " Intriguing . . . magisterial . . . The many ingredients are skillfully marshaled. . . . Lucidly and elegantly controlled. " —The New York Times Book Review " Scorching . . . fascinating . . . seductive . . . a dazzler. " —Entertainment Weekly " Powerful . . . a highly absorbing tale. " —Newsday " Extraordinary. " —USA Today

John Lydon has secured prime position as one of the most recognizable icons in the annals of music history. As Johnny Rotten, he was the lead singer of the Sex Pistols - the world's most notorious band, who shot to fame in the mid-1970s with singles such as 'Anarchy in the UK' and 'God Save the Queen'. So revolutionary was his influence, he was even discussed in the Houses of Parliament, under the Traitors and Treasons Act, which still carries the death penalty. Via his music and invective he spearheaded a generation of young people across the world who were clamouring for change - and found it in the style and attitude of this most unlikely figurehead. With his next band, Public Image Ltd (PiL), Lydon expressed an equally urgent impulse in his make-up - the constant need to reinvent himself, to keep moving. From their beginnings in 1978 he set the groundbreaking template for a band that continues to challenge and thrive in the 2010s. He also found time for making innovative new dance records with the likes of Afrika Baambaata and Leftfield. Following the release of a solo record in 1997, John took a sabbatical from his music career into other media, most memorably his own Rotten TV show for VH1 and as the most outrageous contestant ever on I'm a Celebrity.... Get Me Out of Here!He then fronted the Megabugseries and one-off nature documentaries and even turned his hand to a series of much loved TV advertisements for Country Life butter. Lydon has remained a compelling and dynamic figure - both as a musician, and, thanks to his outspoken, controversial, yet always heartfelt and honest statements, as a cultural commentator. The book a fresh and mature look back on a life full of incident from his beginnings as a sickly child of immigrant Irish parents who grew up in post-war London, to his present status as a vibrant, alternative national hero.
