I hadn't set foot in the human world for more than a few hours in over three and a half months. Sure, I was stronger and faster than I'd ever been before, and I had a shiny new sword, but I was seriously chocolate deprived. I don't recommend quitting cold turkey. And the new sword was a problem - to my mind, anyway. It represented all the expectations of a powerful father and a new otherworldly life. A life that wasn't the one I'd worked so hard to build. It also represented the responsibility I had to bring my foster sister Sienna to ... what? Justice? I didn't know if that was even possible. What I did know was that Sienna wouldn't stop, and that I couldn't just leave everything up to fate and destiny ... or maybe I was. Maybe I was doing exactly what I was supposed to be doing. If you believed in that sort of thing. I just hoped that before the chaos and mayhem renewed, I'd manage to get my hands on some chocolate. It didn't even have to be single-origin Madagascar. I was utterly prepared to lower my standards.

----- Treasures, Demons, and Other Black Magic is the third book in the Dowser series, which is set in the same universe as the Oracle, Reconstructionist, Amplifier, Archivist, and Misfits of the Adept Universe series. While it is not necessary to read all the series, in order to avoid spoilers the ideal reading order of the Adept Universe begins with Cupcakes, Trinkets, and Other Deadly Magic (Dowser 1).

----- This 86,000 word urban fantasy is the third book in the Dowser Series by author Meghan Ciana Doidge

Over a year and a half had passed since Jade Godfrey - aka the dowser - fixed my mother's necklace. Since I'd thwarted the vision of the death of love. Since I'd made a deal with a devil and acquired a demigod for a mentor. I still didn't understand or control my power, my magic, but it had been a great year. A year of rest. A year of love and light. But now the reprieve was over. Now it was time to see. Magic willed it so. ----- This paranormal romance/urban fantasy is the second book in the Oracle Series by author Meghan Ciana Doidge. I had everything I'd ever wanted - a successful business with a second bakery in the works, a sexy fiancé who I adored, and good friends who loved to laugh almost as much as I did. So of course it couldn't possibly last. Unfortunately, this time the trouble was homegrown in Vancouver, threatening my own backyard and those who were under my protection - whether they wanted to be or not. I was, after all, the wielder of the instruments of assassination. Apparently, cutesy cupcakes and being nice only stretched so far. ----- Champagne, Misfits, and Other Shady Magic is the seventh book in the Dowser series, which is set in the same universe as the Oracle and Reconstructionist series. The warriors have fallen. And those they previously protected must now band together to keep the invaders at bay. Here be an oracle. Despair all ye who seek her. Magic will have its cake and eat it too. Okay, well. So I was mixing metaphors. I was new to the gig. But as far as I could tell, there were three kinds of people. Those who wanted confirmation that they'd chosen the correct path. Those who wanted to deny there was any sort of destiny at all. And those who wanted to tear it all down. So why was it always the third type that showed up at the door to my 1975 Brave Winnebago, dragging me into their power struggles and using my past against me -- when I didn't even know what that past was? Could I thwart the destiny that had been envisioned for me before I was born? Could I carve out a future filled with love and light with my chosen mate? I certainly knew what I was capable of doing to survive. Beyond the past, through the present, and well into the future ... I'd see us.-----This paranormal romance/urban fantasy is the third book in the Oracle Series by author Meghan Ciana Doidge. A story of witches, magic, vampires and dragons.

Three bestselling urban fantasies from award-winning author Meghan Ciana Doidge. Dowser 1, 2, and 3 complete the first trilogy of the Dowser Series, but fortunately the magic and mayhem continues in Dowser 4, 5, and 6. The customer looked familiar, like maybe he'd been in the bakery a few times before. The vampire, however, was new. - Dowser 1 Cupcakes, Trinkets, and Other Deadly Magic (Dowser 1) If you'd asked me a week ago, I would have told you that the best cupcakes were dark chocolate with chocolate cream cheese icing, that dancing in a crowd of magic wielders -- the Adept -- was better than sex, and that my life was peaceful and uneventful. Just the way I liked it. That's what twenty-three years in the magical backwater of Vancouver will get you -- a completely skewed sense of reality. Because when the dead werewolves started showing up, it all unraveled ... except for the cupcake part. That's a universal truth. Trinkets, Treasures, and Other Bloody Magic (Dowser 2) Three months ago, I lost my foster sister, Sienna, to the darkness. As in blood magic and chaos and general mayhem. No one saw it until it was too late, but I should have. Now, I have a wounded heart and soul that I can't even reveal to anyone around me, because I'm supposed to hate Sienna with the fiery passion of the justified. And I do. I just wish I didn't feel so lost without her, so unsure of the path I thought I had carved for myself, and so outclassed by the powerful Adepts constantly by my side these days. I'm not even sure if they're with me for my own protection or because my shiny new powers are rare and valuable. Assuming I ever figure out who or what I am, and how my magic actually works. Even chocolate can't save the day every time ... just most of the time. At least I've got that going for me. Treasures, Demons, and Other Black Magic (Dowser 3) I hadn't set foot in the human world for more than a few hours in over three and a half months. Sure, I was stronger and faster than I'd ever been before, and I had a shiny new sword, but I was seriously chocolate deprived. I don't recommend quitting cold turkey.
