Originally published in 1952, this title looks at how various creative crafts were taught in school and whether this had the ability to eventually transform our social environment. The author looks at craft education first in the primary years and then in adolescence, she goes on to examine specific crafts in more detail.

This updated and expanded fourth edition of a popular reference book for teachers and librarians to use in planning interesting extension projects, holiday events to promote diversity, and cross-cultural understanding indexes 725 new books and features over 1,000 indexed projects. Indexes build on the previous three volumes. The book is indexed by subject and author and features indexes to educational games, crafts, activities, and more. It will be

particularly useful to educators for use in the social studies curriculum, but also valuable to daycare providers and parents. Booklist and Appraisals and others favorably reviewed previous editions. Complete bibliographic information is given for all books indexed. Grades K-8.

The girl in this book grows chocolate rabbits, tomatoes as big as beach balls, flowers that change color, and seashells in her garden. How does your garden grow?

Grow It, Try It, Like It! Preschool Fun with Fruits and Vegetables is a garden-themed nutrition education kit for child care center staff that introduces children to: three fruits - peaches, strawberries, and cantaloupe, and three vegetables - spinach, sweet potatoes, and crookneck squash.

B> This is a conceptual and practical guide to creating a whole child curriculum organized into three parts: Child Development, the PLAN curriculum, and the environment. Featuring the author's PLAN model (Play, Learning, The Arts, and Nurturing), this early childhood curriculum system effectively connects and integrates theory, philosophy, and practice and advocates an open, interactive, child-centered environment. The book also focuses on the role and responsibilities of teachers in nurturing learning, establishing values and addressing the full needs of the child. Includes numerous activities and ideas for nurturing readiness in all facets of child development, including language, literature, the arts, early training, conceptual and skill development (Parts I, II, and III). Explains how to design indoor and outdoor environments to maximize learning through spontaneous and constructive play. Originally published as Quality Child Care, this second edition focuses more on the PLAN curriculum rather than on administering a child care center. For Early Childhood Curriculum Instruction, as well as for use by child care professionals, practitioners and trainers.
