Emeralda Santiago's story begins in rural Puerto Rico, where her childhood was full of both tenderness and domestic strife, tropical sounds and sights as well as poverty. Growing up, she learned the proper way to eat a guava, the sound of tree frogs in the mango groves at night, the taste of the delectable sausage called morcilla, and the formula for ushering a dead baby's soul to heaven. As she enters school we see the clash, both hilarious and fierce, of Puerto Rican and Yankee culture. When her mother, Mami, a force of nature, takes off to New York with her seven, soon to be eleven children, Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a new identity. In this first volume of her much-praised, bestselling trilogy, Santiago brilliantly recreates the idyllic landscape and tumultuous family life of her earliest years and her tremendous journey from the barrio to Brooklyn, from translating for her mother at the welfare office to high honors at Harvard.

This book aims to expand the awareness and understanding of the emotional sequelae of prenatal/preimplantation diagnosis, prenatal decision-making, pregnancy interruption for fetal anomaly, multifetal reduction for high-order multifetal pregnancies and preimplantation choices involving the selection of embryos. Featuring a multi-disciplinary approach, it examines prenatal and preimplantation diagnosis from medical, legal, ethical and psychosocial perspectives. Prenatal and Preimplantation Diagnosis is an excellent resource for obstetricians, reproductive endocrinologists, clinical geneticists, genetic counselors and mental health professionals seeking to better support patients faced with difficult choices.
--

Thousands of students have found this book the ideal way to master and upgrade their Spanish grammar.

Leading figures at the dawn of the sixteenth-century Reformation commonly faced the charge of "judaising": 72 In His Name concerns the changing views of four such men starting with their kabbalistic treatment of the 72 divine names of angels. Johann Reuchlin, the first of the four men featured in this book, survived the charge; Martin Luther's increasingly anti-semitic stance is contrasted with the opposite movement of the French Franciscan Jean Thesaud whose kabbalistic manuscripts were devoted to Francis I; Philipp Wolff, the fourth, had been born into a Jewish family but his recorded views were decidedly anti-semitic. 72 In His Name also includes evidence that kabbalistic beliefs and practices, such as the service for exorcism recorded by Thesaud, were unwittingly recorded by Christians. Although the book concerns early modern Europe, the religious interactions, the shifting spiritual attitudes, and the shadows cast linger on.

The Essentials in Cytopathology book series fulfills the need for an easy-to-use and authoritative synopsis of site specific topics in cytopathology. These guide books fit into the lab coat pocket and are ideal for portability and quick reference. Each volume is heavily illustrated with a full color art program, while the text follows a user-friendly outline format. Central Nervous System Intraoperative Cytopathology covers the full spectrum of benign and malignant conditions of the CNS with emphasis on common disorders. The volume is heavily illustrated and contains useful algorithms that guide the reader through the differential diagnosis of common and uncommon entities encountered in the field of intraoperative neuro-cytopathology. Central Nervous System Intraoperative Cytopathology is a valuable quick reference for pathologists, cytopathologists, and fellows and trainees dealing with this exigent field.
