Time Requirements: Part A: 30 minutes, Part B: 20 minutes. In this lab activity, students explore the core life science concepts of Structures and Properties (LS1) and Heredity (LS3) while determining the blood type of WARD'S completely safe and non-toxic Simulated Blood. Standard blood typing procedures are used to teach students about the different blood types as well as antigen/antibody relationships, and how these relationships effect the results of the blood typing procedure.
