I own a whirlpool 50 pint dehumidifier and no water is ...  
The main difference between a dehumidifier and an air conditioner is that a dehumidifier reheats the air that passes over its refrigeration coils before blowing it back in the room. When a dehumidifier won't do its job and stops removing moisture from the air, the filters are the first thing to check, because they could be impeding air flow. It's also possible the coils need cleaning or de ...

When the compressor runs, the additional noise above the fan noise is barely perceptible, there is no high-pitched whine as from the similar 50 pint Frigidaire unit. The overall noise is comparable to what one would expect from a 5000 BTU window air conditioner with its blower set to high. All in all an excellent unit. 2 people found this helpful

From the author of Littlejohn: A haunting novel that will " appeal to readers of Southern fiction and to genre fans who favor character-driven crime stories " (Booklist), Littlejohn McCain has been dead eleven years. In that time, his daughter has divorced one husband and buried another. Georgia has reclaimed her original name and believes she is starting to settle comfortably into the last and quietest third of her life. But then she starts seeing her dead father—not just in dreams, but also in her Montclair University classroom. Her son Justin is already down in Scots County, North Carolina, with his pregnant girlfriend, helping prepare what 's left of Littlejohn 's farm for sale. On the verge of a breakdown, Georgia joins them. As a girl, Georgia couldn' t wait to get away from the farm and her moribund hometown. She 's back now, but only long enough to sell the former and bid a final, less-than-fond farewell to the latter. Or so she thinks. When her cousin Jenny dies neglected and under mysterious circumstances, Georgia is forced to deal with a major dose of baby-boomer guilt. She 's always told herself that she could live with the knowledge that she would never truly " do right " by her older relatives, but now she 's not so sure. The " peace that passes understanding " about which the members of her father 's old church sing seems far beyond her reach. Georgia, with grandmotherhood and a ghost hovering, tries to discover what really happened to Jenny and partially redeem herself. In the process, she will find two things she never expected in the middle of the dead-calm boredom of East Geddie—requited, taboo-flouting lust and a murder mystery. From the acclaimed author of Oregon Hill, Rock of Ages is " rich in character and place [and] a haunting odyssey toward redemption and reparation " (Publishers Weekly).

The Way of Analysis gives a thorough account of real analysis in one or several variables, from the construction of the real number system to an introduction of the Lebesgue integral. The text provides proofs of all main results, as well as motivations, examples, applications, exercises, and formal chapter summaries. Additionally, there are three chapters on application of analysis, ordinary differential equations, Fourier series, and curves and surfaces to show how the techniques of analysis are used in concrete settings.

Weygandt, Managerial Accounting, 6th Edition gives students the tools they need to succeed, whether as accountants or in other career paths. The authors present the fundamental concepts of managerial accounting in an easy – to – understand fashion in a decision – making framework for a one semester, undergraduate managerial accounting course. With an expanded emphasis on student learning, Weygandt Managerial Accounting 6th Edition demonstrates how invaluable management accounting information is to business decision – making. The author team of Weygandt, Kimmel, and Kieso provide students with pedagogy that helps develop decision – making skills, so students can be successful as future business professionals. The decision making pedagogy, easy – to – understand writing style, and quality and of chapter material have been the hallmark features that have made Managerial Accounting, by Weygandt, Kimmel, and Kieso one of the most popular books for this course. Real – World Emphasis – the authors continue the practice of using numerous examples from real – world companies in chapter openers and in the Management Insight boxes. Accounting Across the Organization – gives students business context by showing how people, often in non – accounting functions, use accounting information to make decisions. Expanded Emphasis Service Company – prepares students for work in the service industry market, and shows that accounting is relevant to both service and manufacturing companies. Do IT! Exercises – teach students how to apply their knowledge quickly after they ve learned it. Comprehensive Homework Material – each chapter concludes with Self – Test Questions, Questions, Brief Exercises, Do IT! Review, Exercises, and Problems. Broadening Your Perspective Section – is designed to help develop students decision – making and critical thinking skills. New to this Edition Use of Current Designs (kayak – making company) – introduced in new Chapter 1 Feature Story, and is the basis for new Broadening Your Perspective problem – presents managerial accounting situations that are based on the operations of a real company. People, Planet, and Profit Insight Boxes, featuring sustainability approaches of real companies. New Broadening Your Perspective problem: Considering People, Planet, and Profit, which requires students to consider examples of real cases, such as the costs associated with an oil – refinery accident versus the costs of improving safety/work conditions. New Wiley Managerial Accounting Videos use real, successful companies to demonstrate and reinforce managerial accounting concepts. New easy – to – read spreadsheet illustrations improve readability as well as comparability to Excel. Bloom 's taxonomy codes added to Brief Exercises. Do it! Review, Exercises and Problems, for quick assessment categorization. Updated End – of – chapter homework material.

Lisa Cartwright contributes to feminist film theory by developing a new psychoanalytic theory of spectatorship and human subjectivity.

Editors of such historical and literary documents as correspondence, journals, diaries, financial records, professional papers, and unpublished manuscripts will find this book an indispensable companion.

Publisher's description: This book effectively conveys the key concepts of equilibrium chemistry, particularly as they apply to natural and engineered aquatic systems. The coverage is rigorous and thorough, but the author assumes little prior knowledge of chemistry on the part of the readers, and writes in a style that is easily accessible to students.

This transcript of a witness seminar, one of a series of five, provides an intriguing and instructional collection of memoirs and insights from senior members of the dental profession and others, especially since the inception of the NHS. Such seminars capture the knowledge of 'witnesses' to the events discussed. These seminars and associated activities form part of a history of dentistry made possible by a significant donation from the eponymous sponsor of the John McLean Archive of Living Dental History. Dr John McLean was a unique icon of British dentistry. He was a leader of the profession, holding many prestigious positions, including President of the BDA, and an expert on dental materials, operative dentistry and prosthodontics. He authored over 100 papers for peer-reviewed journals. The seminars are part of a fitting memorial to a great man and provide information that cannot easily be obtained in books and clinical and research journals.

RT Book Reviews 2015 Reviewers Choice Award Winner for Best Steampunk Romance "McMaster once again proves her remarkable gift for cleverly fusing a nonstop, action-driven story, a deliciously dark and atmospheric setting, and off-the-charts sensuality into one riveting read."—Booklist Fifth in a thrilling steampunk paranormal romance series, Lady Aramina finally has the means to destroy her nemesis, Leo Barrons—the only man who troubles her heart and tempts her body. When her beloved father was assassinated, Lady Aramina swore revenge. The man responsible is well beyond her grasp, but his dangerously seductive heir, Leo Barrons, is fair game. When Mina obtains evidence proving that Leo is illegitimate, she has the means to destroy both the killer and his son, a man who troubles her heart and tempts her body. A woman of mystery, Mina's long driven Leo crazy with glimpses of a fiery passion that lurks beneath her icy veneer. He knows she's hiding something, and he's determined to unravel her layer by silken layer. He just doesn't expect the beautiful liar to be the key to overthrowing the corrupt prince consort...or to saving his own carefully walled-off heart.
