World English is an exciting new four-skills general English series which uses National Geographic content, images and video to teach the language that learners need to succeed in their daily lives. The series is built upon clear and practical learning goals which are presented and practiced through appropriate themes and topics. A competency-based series, World English uses real people, real places and real language to connect learners of English to the world.

World English is an exciting new four-skills general English series which uses National Geographic content, images and video to teach the language that learners need to succeed in their daily lives. The series is built upon clear and practical learning goals which are presented and practiced through appropriate themes and topics. A competency-based series, World English uses real people, real places and real language to connect learners of English to the world.

To help students expand their fluency, World Pass focuses on dynamic vocabulary building, essential grammar, and stimulating listening, speaking, reading, and writing activities that emphasize the language they need for real world communication.

Designed to provide an up-to-date broad coverage of pertinent topics concerning water resource engineering. This book focuses on modern computer-based modeling and analysis methods, illustrating recent advances in computer technology and computational methods that have greatly increased capabilities for solving water resources engineering problems. Focuses on fundamental topics of hydraulics, hydrology, and water management. Water resources engineering concepts and methods are addressed from the perspective of practical applications in water management and associated environmental and infrastructure management. The focus is on mathematical modeling and analysis using state-of-the-art computational techniques and computer software. Appropriate as a reference in water resources engineering for practicing engineers.

World English is an exciting new four-skills program which uses lively and compelling content, images, and video to teach the language that learners need to succeed in their classrooms and dally lives. The series is built upon clear and practical learning goals which are presented and practiced through motivating themes and topics. World English uses real people, real places, and real language to connect English language learners to the world.
