The sea dragon Yong wants a bride. Chung Jo wants her father to regain his sight. They will strike a bargain, and Chung Jo travels to Yong's palace beneath the sea

Little Women with a twist: four sisters from a blended family experience the challenges and triumphs of life in NYC in this beautiful full-color graphic novel perfect for fans of Roller Girl and Smile. Meg, Jo, Beth, and Amy are having a really tough year: with their father serving in the military overseas, they Page 13/27

must work overtime to make ends meet...and each girl is struggling in her own way. Whether it's school woes, health issues, boy troubles, or simply feeling lost, the March sisters all need the same thing: support from each other. Only by coming together -- and sharing lots of laughs and tears--will these four young women find the courage to discover who they truly are as individuals...and as a family. Meg is the eldest March, and she has a taste for the finer things in life. She dreams of marrying rich, enjoying fabulous clothes and parties, and leaving her fivefloor walk-up apartment behind. Jo pushes her

siblings to be true to themselves, yet feels like no one will accept her for who she truly is. Her passion for writing gives her an outlet to feel worthy in the eyes of her friends and family. Beth is the shy sister with a voice begging to be heard. But with a guitar in hand, she finds a courage that inspires her siblings to seize the day and not take life for granted. Amy may be the baby of the family, but she has the biggest personality. Though she loves to fight with her sisters, her tough exterior protects a vulnerable heart that worries about her family's future.

"This volume supplements Tang Tales, A Guided Reader (Volume 1; 2010) and presents twelve more Tang tales, going beyond the standard corpus of these narratives to include six stories translated into English for the first time. The rich annotation and translator's notes for these twelve tales provide insights into many aspects of Tang material culture and medieval thought, including Buddhism and Daoism. In addition to meticulously annotated translations, the book offers original texts (with some textual notes), and commentaries in the form of translator's notes, thereby

joining the first volume of Tang tales as the only collections that introduce students to Tang tales while also challenging specialists interested in the field."--

With all the fashion and quirks of the 50's comes the vintage queer love story that you've never heard before. Rock and Riot follows the tales of teenage delinquents learning about gender and sexual orientations while still maintaining their fabulous hair. This is the second installment in the Rock and Riot series

This volume collects Hellboy And The B.P.R.D.: 1955 - Secret Nature, Occult Intelligence 1-3, Burning Season, a 1955 story from the Hellboy Winter Special, and bonus material! iZombie co-creator Chris Roberson and Mike Mignola join Shawn Martinbrough, Brian Churilla, and Paolo Rivera to guide Hellboy to unveil a volatile new weapons project with monstrous side effects, iZombie co-creator Chris Roberson and Mike Mignola join Shawn Martinbrough, Brian Churilla, and Paolo Rivera to guide Hellboy to unveil a volatile new weapons project with the monstrous side effects.

Scholarly interest in print culture and in the study of religion in modern China has increased in recent years, propelled by maturing approaches to the study of cultural history and by a growing recognition that both were important elements of China's recent past. The influence of China in the contemporary world continues to expand, and with it has come an urgent need to understand the processes by which its modern history was made. Issues of religious freedom and of religion's influence on the public sphere continue to be contentious but important

subjects of scholarly work, and the role of print and textual media has not dimmed with the advent of electronic communication. This book, Religious Publishing and Print Culture in Modern China1800-2012, speaks to these contemporary and historical issues by bringing to light the important and abiding connections between religious development and modern print culture in China. Bringing together these two subjects has a great deal of potential for producing insights that will appeal to scholars working in a range of fields, from media studies to social historians. Each chapter demonstrates how

focusing on the role of publishing among religious groups in modern China generates new insights and raises new questions. They examine how religious actors understood the role of printed texts in religion, dealt with issues of translation and exegesis, produced print media that heralded social and ideological changes, and expressed new selfunderstandings in their published works. They also address the impact of new technologies, such as mechanized movable type and lithographic presses, in the production and meaning of religious texts. Finally, the chapters identify where religious print

culture crossed confessional lines, connecting religious traditions through links of shared textual genres, commercial publishing companies, and the contributions of individual editors and authors. This book thus demonstrates how, in embracing modern print media and building upon their longstanding traditional print cultures, Christian, Buddhist, Daoist, and popular religious groups were developed and defined in modern China. While the chapter authors are specialists in religious traditions, they have made use of recent studies into publishing and print culture, and like many

of the subjects of their research, are able to make connections across religious boundaries and link together seemingly discrete traditions.

Mad science at its finest. Chemistry major, Elliot Torres has been unable to keep a steady job and eventually accepts a job by a rumored mad scientist Dr. Vlad Stein. Humorous hijinks ensue as their collaboration becomes epic.

The ruling Asharites of Al-Rassan have come from the desert sands, but over centuries,

Page 23/27

seduced by the sensuous pleasures of their new land, their stern piety has eroded. The Asharite empire has splintered into decadent city-states led by warring petty kings. King Almalik of Cartada is on the ascendancy, aided always by his friend and advisor, the notorious Ammar ibn Khairan -- poet, diplomat, soldier -- until a summer afternoon of savage brutality changes their relationship forever. Meanwhile, in the north, the conquered Jaddites' most celebrated -- and feared -- military leader, Rodrigo Belmonte, driven into exile, leads his mercenary company south. In the dangerous

lands of Al-Rassan, these two men from different worlds meet and serve -- for a time -- the same master. Sharing their interwoven fate -- and increasingly torn by her feelings -- is Jehane, the accomplished court physician, whose own skills play an increasing role as Al-Rassan is swept to the brink of holy war, and beyond. Hauntingly evocative of medieval Spain, The Lions of Al-Rassan is both a brilliant adventure and a deeply compelling story of love, divided loyalties, and what happens to men and women when hardening beliefs begin to remake -- or destroy -- a world.

Page 25/27

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

In this final volume of the Rabbit in Red trilogy, the scares move to real-world horror locations in the most bone-chilling challenges yet. Rabbit in Red was voted Best Horror Book-of-the-Year in the Summer Indie Book Awards.
